FOR IMMEDIATE RELEASE

CITY REMINDS PUBLIC TO RESET SPRINKLERS AFTER POWER OUTAGE

September 21, 2015...San Clemente, California...Due to the power outage yesterday afternoon which affected San Clemente and other cities served by San Diego Gas & Electric, the City of San Clemente recommends that residents and homeowners associations reset their sprinkler timers. After a power outage some systems reset to their factory settings, and with the drought and assigned watering days in effect, it is imperative that the timers be set accordingly.

Here is a reminder of the summer months irrigation schedule which includes the period from March 1st through November 30th:

- Even numbered residential addresses may irrigate only on Mondays, and Thursdays
- Odd numbered residential addresses may irrigate only on Wednesdays, and Saturdays
- Commercial and Irrigation customers may irrigate only on Tuesdays, and Fridays
