

# CONSTRUCTION NOTICE

**What** OC Public Works contractor crews will perform a series of **temporary traffic stoppages** (each approximately 15-mins. in duration) at a specific location on La Pata Avenue in order to install a new temporary crossing to allow large, heavy equipment and project vehicles to safely cross La Pata Avenue for access to project sites.

Traffic control devices (signs, flag personnel "flaggers", etc.) will be placed in this specific location to alert drivers to temporarily stop and ensure the safety of the public and project crews. Traffic will be intermittently stopped and will be relieved as needed to accommodate traffic stacking. These brief traffic stoppages will be active for the day and are necessary for crews to complete the La Pata Avenue widening improvements as quickly and safely as possible.

**When workers are present, please be mindful of the reduce speed limit through the construction zone.** Consider using an alternate route whenever possible.

**When Saturday, November 19, 2016:** 6:00 a.m. – Early Afternoon

**Where** La Pata Avenue approximately **3,000 feet south of Ortega Highway** in San Juan Capistrano. Between Ortega Highway & Stallion Ridge.

**Contacts** Amit Verma, OCPW, (714) 932-8634 (Primary)  
Hamid Abedzadeh, OCPW, (714) 856-4533 (Alternate)

*Note: Additional updates will be announced regarding future traffic stoppages at other locations along La Pata Avenue.*
