CONSTRUCTION HIGHLIGHTS

SB I-5 Freeway Lane, Ramp Closures: Crews on March 2 are set to stripe southbound I-5 to its final configuration from PCH / Camino Las Ramblas to Camino de Estrella. The work will require closing the two outside freeway lanes from 10 p.m. March 2 to 5 a.m. March 3. The following ramps also are expected to be closed:

- The PCH on-ramp to southbound I-5;
- The Camino Las Ramblas loop on-ramp to southbound I-5; and
- The southbound I-5 off-ramp to Camino de Estrella.

Nighttime Pico Closures: Recent rains postponed the scheduled falsework removal and installation for the Avenida Pico bridge.

Falsework, as seen in the photo below, is the temporary wood and steel beam structure that supports a new bridge after the concrete is poured.

Crews are now scheduled to close Avenida Pico at night for up to six weeks, beginning Monday, March 6.

For the safety of the crews and the traveling public, Avenida Pico is scheduled to be completely closed under the freeway from 10 p.m. to 9 a.m. Monday through Friday until the work is completed. The off- and on-ramps to northbound I-5 also will be closed during this time.

Avenida Vista Hermosa and Calle Frontera will be available as detours.

Please be advised, dates and times are subject to change if there is inclement weather or if there are unforeseen operational factors.
