**TENTATIVE PLANS FOR TEMPORARY LANE REDUCTION ON LA PATA
HAVE BEEN CANCELLED**

OC Public Works has cancelled its plans for a temporary lane reduction on Avenida La Pata between Ortega Highway and Stallion Ridge for the summer. Upon further review, analysis and discussion, the tentative lane reduction during the summer is NO LONGER being considered by OC Public Works nor will it be implemented. This option may be revisited in the future. No additional impacts are expected at this time.

OC Public Works will keep the cities posted of any major developments. In the meantime if you have questions relating to OC Public Works projects, you may contact:
