## The City of San Clemente invites you

to participate as we continue creating a Vision and Strategic Plan for the city's future. Two workshops will be held in July to allow everyone a chance to confirm the things we value most as a community. They will also be a chance to provide direction on where and how we will change. These workshops will build on all of the input to date and will help guide San Clemente toward a clear vision for the future as we embark on updating our General Plan this fall!
