I. **Interim Guidelines for General Plan, Zoning Ordinance, and Specific Plan Compliance**

Associate Planner Wright narrated a PowerPoint entitled "Interim Guidelines", and, together with City Planner Pechous, responded to Council inquiries. A hard copy of the presentation is on file in the City Clerk Department.

Council discussion ensued relative to 1) whether applicants who pursue development applications in an area where the Zoning Ordinance is not consistent with the new General Plan should be required to pay the cost to update the Zoning Ordinance on a piecemeal basis until such time as the Zoning Ordinance is updated, and 2) the desirability of establishing an expected timeline for the Zoning Ordinance update and General Plan clean-up.

Nick Buchanan, San Clemente, stated he owns property on El Camino Real that was re-designated in the General Plan from Neighborhood Commercial to Mixed Use; commented that a well-executed Mixed Use project will benefit the area; opined that applicants should not be required to pay to update the Zoning Ordinance on a piecemeal basis; suggested that Staff be authorized to amend the Zoning Ordinance administratively in cases where the Ordinance does not conform to the General Plan.

During the course of discussion, Council directed as follows: 1) Staff is to return to Council in January 2015 with a projected schedule for adoption of the Local Coastal Plan and Zoning Ordinance, with emphasis on updating the zoning in areas where developers have indicated an interest in developing their parcel. 2) If developers are interested in proceeding with their projects at this time, developers are not to be charged for the Zoning Ordinance update share of the project. 3) Staff is to obtain clarification at the January 2015 Council meeting concerning Council's prior action on land uses in certain areas within the General Plan.

B. Sidewalk Repair Program – Assessment of Costs to Property Owners for Defective Sidewalk Repairs

Public Hearing to consider authorizing the Finance Division to invoice property owners for their share of the cost to repair defective sidewalks under the Fiscal Years 2013 and 2014 Sidewalk Repair Program.

Councilmember Baker and Mayor Brown announced that they have conflicts of interest because they each own property within 500' of sidewalks that are the subject of the Public Hearing.

During the ensuing discussion, it was noted that recusal of two of the four Councilmembers present at this meeting does not leave a quorum to consider the item. Because no legal necessity existed for Council to take action at this meeting, Council determined to continue the Public Hearing to the Council meeting of December 2, 2014 when a full complement of Councilmembers will be present.

MOTION BY COUNCILMEMBER DONCHAK, SECOND BY MAYOR PRO TEM HAMM, CARRIED 4-0 (COUNCILMEMBER EVERT ABSENT), to continue the Public Hearing to the Council meeting of December 2, 2014.

Mayor Brown announced that an error in the rate and apportionment attached to the Resolution of Consideration adopted on July 1, 2014 was discovered after an approval of the Resolution of Consideration; explained that, pursuant to a Supplement to the Community Facilities Report prepared by Koppel & Gruber, the error does not increase the maximum special taxes on any property in the Amended and Restated Rate and method of Apportionment; noted that

100% of the property owners of taxable property in CFD No. 2006-1 have approved the correction, and the corrected form of the Amended and Restated Rate and Method of Apportionment is attached to the Resolution Calling Special Election.
