Subject: ***CITY COUNCIL ACCEPTANCE AND NOTICE OF COMPLETION FOR CALLE FRONTERA REHABILITATION, FROM AVENIDA PICO TO AVENIDA VISTA HERMOSA, PROJECT NO. 15315.***

Fiscal Impact: None. The total project cost including engineering, inspection, administration and construction is \$561,900 which is within the \$1,200,000 budgeted in the Street Improvement Fund.

Summary: All American Asphalt has completed the street rehabilitation contract on time, within budget and staff recommends Council acceptance for:

Street Improvement Program
Calle Frontera (Avenida Pico to Avenida Vista Hermosa), Project No. 15315.

Background: The contract was awarded by the City Council on January 20, 2015. The entire pavement area was cold-planed two and one-half inches. Afterward, failed pavement areas were reconstructed with six inches of Asphalt Concrete (A.C.) base over geotextile fabric. Following the needed repairs, the entire pavement area was overlaid with a one-inch A.C. leveling course and two-inches of rubberized asphalt. Curb ramps were reconstructed/retrofitted as required to meet current ADA requirements. Also, curb and gutter and local depressions were replaced as needed. The streets were re-striped and the crosswalks at the Calle Frontera and Avenida Vista Hermosa intersection were upgraded to "ladder style" with white thermoplastic per City Council direction.

Discussion: The final cost including engineering, inspection, administration and construction is \$561,900. The budgeted amount is \$1,200,000 from the Street Improvement Fund. The detailed final cost for this project is shown on the Attachment 3. The lower costs were due to lower than estimated pavement replacement quantities, and less design and construction issues than anticipated as a result of an improved design procedure for determining the required pavement removal limits.
