8. PUBLIC HEARING

A. 1880 N. El Camino Real – Architectural Permit 14-389/Variance 14-474/Conditional Use Permit 14-475 – Capistrano Shores Wall and Landscaping (Gregg)

Public Hearing to consider a request for a decorative block wall, in excess of six feet, between the railroad tracks and the Capistrano Shores Mobile Homes Park, along with accessory structures, landscaping, and other ancillary improvements within the park. The project is located at 1880 N. El Camino Real within the Open Space zoning district and Coastal Zone Overlay (OS2-S2-CZ), the legal description being a strip of land 27.55 feet wide in the City of San Clemente, County of Orange, State of California, being a portion of Section 32, Township 8 South, Range 7 West, and Assessor's Parcel Number 691-432-02.

Sean Nicholas, Associate Planner, narrated Amber Gregg's, Associate Planner's PowerPoint Presentation, entitled, "Capistrano Shores Wall & Landscaping, VAR 14-474/CUP 14-475, dated November 18, 2015. A copy of the presentation is on file with Planning Division. Associate Planner Nicholas distributed copies of a revised resolution for the Commissioner's consideration.

Pat Murphy, Landscaping Consultant, discussed the landscaping proposed for the wall.

Eric Wills, representing the applicant, thanked staff for all their assistance with the application; noted agreement with the conditions of approval as stated.

Chair Brown opened the public hearing, and there being no public testimony, closed the public hearing.

During the ensuing discussion the Commissioners, either individually or in agreement, provided the following commentary:

- Voiced concern that the proposed trees will grow too tall.
- Commented that the existing wall along Beach Road in Capistrano Beach is less than 6 feet tall.
- Suggested an additional condition of approval requiring the applicant remove graffiti on the wall as soon as possible.
- Established that the applicant is required to stucco/paint the wall a white color; suggested a neutral wall color would be more unobtrusive.
- Supported the wall as proposed.
- Opposed the wall as proposed due to its height; noted inability to make findings that the wall will not be detrimental to surrounding land uses.
- Recommended, but did not require due to potential cost constraints, that the applicant consider a non-glossy finish, anti-graffiti paint for ease in removing graffiti.
- Expressed concern that it may be years before the plant materials cover the wall; noted that in the meantime visitors and residents will be viewing a very long white wall as the gateway into the City.
- Expressed concern that allowing the added height of this wall will set precedence for similar walls along the beach in other parts of the City.
- Recommended alternative heights of 6'4" along the main body of the wall, 6'0" drop down portions, and 7'4" for columns.
- Recommended staff coordinate with the applicant the scaling of the entry columns, and consider proportionality of scale when adjusting the columns, or walls, or both.

IT WAS MOVED BY CHAIR PRO TEM CRANDELL, SECONDED BY COMMISSIONER EGGLESTON, AND UNANIMOUSLY CARRIED TO ADOPT RESOLUTION NO. 15-003, A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF SAN CLEMENTE, CALIFORNIA, APPROVING VARIANCE 14-474 AND CONDITIONAL USE PERMIT 14-475, CAPISTRANO SHORES, A REQUEST TO CONSTRUCT A WALL IN EXCESS OF SIX FEET IN HEIGHT BETWEEN THE MOBILE HOME PARK AND THE RAILROAD TRACKS AND OTHER ACCESSORY IMPROVEMENTS, AT 1880 NORTH EL CAMINO REAL.

Amended as follows:

As revised by staff in the amended resolution.

Page 11, add new Condition no. 35 as follows: "The applicant shall be responsible for removing graffiti on the wall as expeditiously as possible working with Orange County Transportation Authority (OCTA)."

Page 12, add new Condition no. 36 as follows: "The lowest portion of the wall shall be 6', and the wall shall be allowed to go up to 6'4" to reach the goal of adding variation and interest to the wall, with the pillars being 7'4". The movement of the wall and placement of pillars shall be consistent with the plan reviewed by the Planning Commission. Staff will work with the applicant to ensure the entry columns are modified to be consistent with the wall."
