Economic Update

- We believe the economy is gaining positive momentum, fueled by ongoing improvement in the labor market. The June employment report was stronger than expected, as nonfarm payrolls grew by 288,000, versus expectations of 215,000. During the second quarter, payrolls grew by an average of 272,000 per month, which compares favorably to the first quarter monthly average of 190,000. Private payrolls grew by 262,000 in June and government jobs rose by 26,000. The unemployment rate declined to 6.1% in June from 6.3% in May, which was a positive surprise. Meanwhile, the manufacturing sector continued to show strength and recent housing data has surprised to the upside.
- As expected, the Federal Open Market Committee left policy rates unchanged at its June 17-18 meeting, and announced another \$10 billion reduction in asset purchases (to a level of \$35 billion per month from \$45 billion, comprised of \$20 billion in treasuries and \$15 billion in mortgage-backed securities). We expect the process of unwinding quantitative easing will continue at a steady pace with the Fed announcing another \$10 billion reduction in asset purchases at its July 29-30 meeting. The Fed reduced their GDP growth projections for 2014 to 2.1%-2.3% from 2.8%-3.0%, but improved their outlook for unemployment. At Chair Yellen's press conference, she reinforced that the Fed will continue to monitor the economy and does not project raising short term rates for a considerable amount of time after the asset purchases end.
- During the past three months, the yield curve has flattened even as the Fed has been tapering its purchases of long-term Treasury bonds. Market participants have reacted to mixed domestic economic data, as well as fears of euro zone deflation, geopolitical tensions, and volatility in emerging markets over the past several months. These concerns have fueled a flight to quality, putting downward pressure on longer yields, although some of this pressure has recently dissipated.

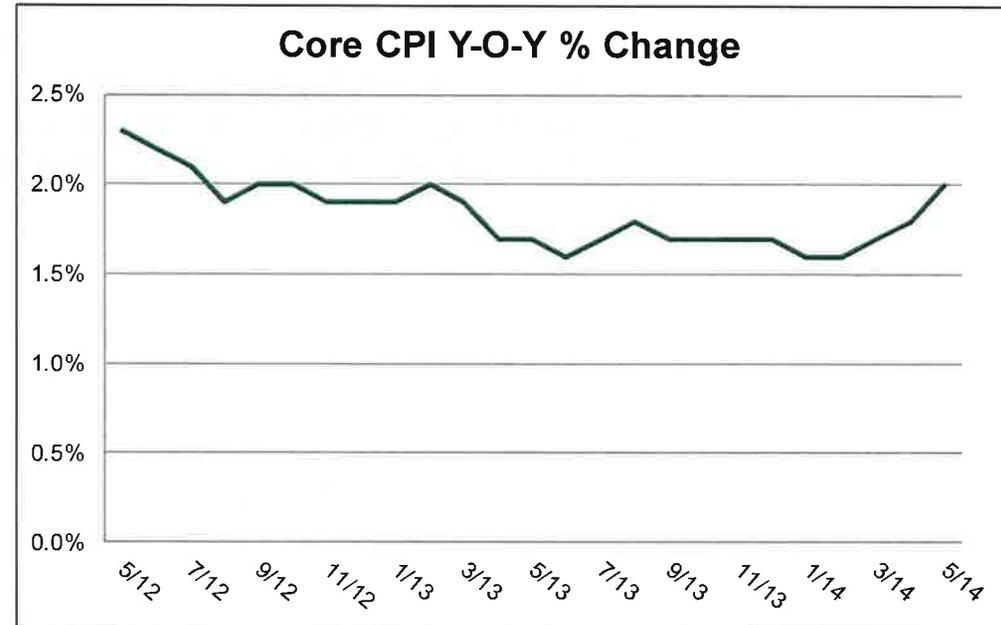

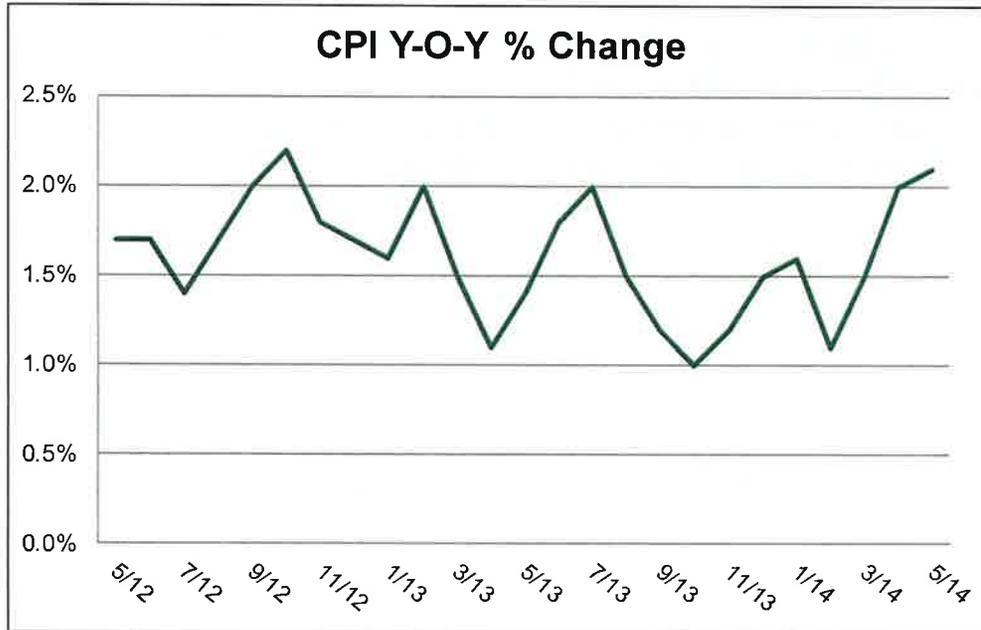

Employment

The June employment report was better than expected as payrolls rose by 288,000 versus the 215,000 consensus estimate. Net revisions for job growth in April and March were +29,000. Private payrolls increased by 262,000 in June and government jobs increased by 26,000. The unemployment rate declined to 6.1% from 6.3%, and the participation rate was unchanged at 62.8%.

In May, overall CPI inflation increased to 2.1% on a year-over-year basis from 2.0% in April. The year-over-year Core CPI (CPI less food and energy) also increased to 2.0% in May from 1.8% in April. The core inflation rate is now trending in line with the Fed's long-term goal of 2.0%.

Source: U.S. Department of Commerce

Real annualized GDP growth for the first quarter of 2014 was revised down again to -2.9% from the second estimate of -1.0% (also down from the advance estimate of +0.1%). Analysts were expecting a downward revision to -1.8%. The bigger than expected downward revision was largely driven by a change in consumer spending on healthcare as well as a change in exports. The decline in GDP during the first quarter follows growth of 2.6% in the fourth quarter. Economists are expecting a rebound in economic growth in the second quarter to 3.5%.

Total Pension Portfolio

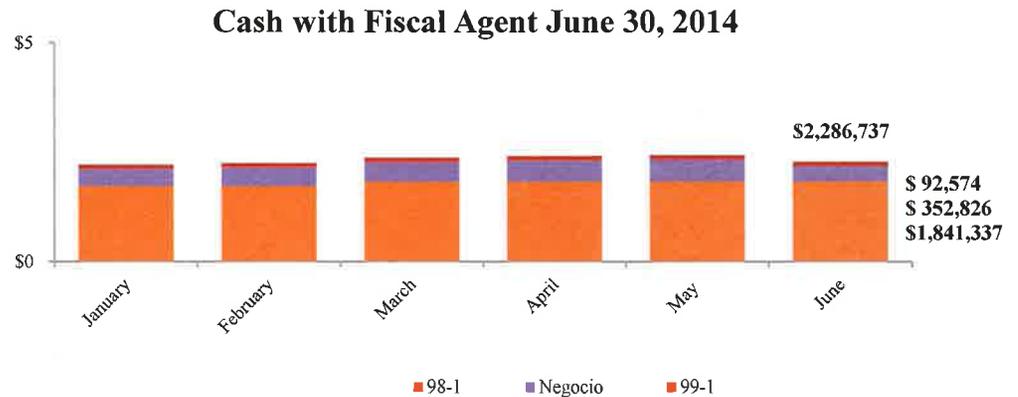

As of the fourth quarter ending June 30, 2014 the total pension portfolio amounts to \$19.6 million as compared to \$50.1 million for the third quarter ending March 31, 2014. The City will maintain the Great West plan at this point for retirees and past employees. All current and future employees are covered through CalPERS as of June 9, 2014.

Monthly Cash Flow - Receipts and Disbursements
FY 2014**

Summary of Monthly Activity

The net cash inflow for the month of June is \$9.1 million. The City has \$33.4 million invested in LAIF which is available to address any significant cash outflow requirements during the month.

Receipts:

Property taxes are received in December, January, April and May and are the high receipt months. Other than these months, receipts have relatively small fluctuations. June's projected receipts were \$5.4 million and actual receipts were \$16.7 million, which is \$11.3 million above projected. This difference is mainly due to a \$10.6 million State Revolving Fund (SRF) loan receipt received in June to reimburse costs paid during the year on the Recycled Water Expansion capital project.

Disbursements:

Cash outflow for June was \$7.6 million. The amount of disbursements vary based on the number of pay periods in a month, the number of accounts payable dates in a month and the activity submitted from other departments which includes capital project activity. June's projected disbursements were \$8.7 million, actual disbursements were \$7.6 million, which was \$1.1 million below projection as a result of the timing of maintenance contracts and capital outlay costs as the Recycled Water Expansion nears completion.
