Prepared By: Amber Gregg, City Planner and Mike Linares, CDBG Consultant

Subject: 2016-2017 CONSOLIDATED ANNUAL PERFORMANCE EVALUATION REPORT (CAPER) FOR EXPENDITURE OF COMMUNITY DEVELOPMENT BLOCK GRANT FUNDS.

Fiscal Impact: There is no fiscal impact related to filing the CAPER.

Summary: Review and approval of the Fiscal Year 2016-17 CAPER Report for the Community Development Block Grant (CDBG) Program. Each year the City submits an Annual Action Plan Report in May and CAPER in September to satisfy federal grant funding requirements to continue to receive funding from the Department of Housing and Urban Development (HUD). During the 2016-17 reporting period, the City received \$345,089 in (CDBG) funds from HUD. Additionally, \$412,797 in prior year uncommitted and program income (i.e., housing rehabilitation loan repayments) were also available.

Background: Each year HUD determines the amount of CDBG funds the City is entitled to based on population, income and housing needs. To continue receiving CDBG funds, the City Council must approve the CAPER and submit it to HUD within 90 days after the end of the fiscal year, or by September 28, 2017.

The CAPER requires a 15-day notice period to allow the public to submit comments in writing. Residents are also given the opportunity to attend the Public Hearing on September 5, 2017 to voice their comments. A public hearing is required twice a year to receive Federal CDBG grants. The first hearing is for the adoption of the Annual Action Plan, submitted in May for use of funds during the following fiscal year. Through the Annual Action Plan, the City outlines the projects, activities, and programs the City will undertake to meet the goals identified in the City's Consolidated Plan. The Annual Action Plan for fiscal year 2016-17 is provided as Attachment No. 2. The second hearing is held after the end of the fiscal year to review the CAPER and evaluate how the funds were spent; this hearing meets that requirement.

Discussion: Every five years, the City prepares a Consolidated Plan describing the proposed use of CDBG and other applicable federal program funds. The Consolidated Plan, which was updated and adopted in July 2016, identifies the City's overall vision and strategy for addressing housing and non-housing needs in the City. Each year, the City is required to submit to HUD its CAPER, which summarizes program expenditures and accomplishments for each CDBG funded activity.

One of the high priority needs identified in the City's Consolidated Plan is to provide a wide range of housing activities to meet the low-and moderate-income household needs. The City has provided loans and grants for Home Rehabilitation since 1994 and continues to do so with the use of CDBG funds. During fiscal year 2016-17, the rehabilitation of two, single-family housing units was initiated. The City anticipated rehabbing four additional units; however, changes in program staffing and a need for a comprehensive re-write of the program policies and procedures delayed implementation of the program for approximately six months.

CDBG funds were also utilized to improve public facilities and infrastructure. The City provides Commercial Façade improvement grants to enhance commercial storefronts and/or replace non-conforming business signs. The 2016-17 Annual Action Plan anticipated nine Commercial Façade projects to be completed during fiscal year 2016-17; however, only one facade project was completed.

The 2016-17 Action Plan provided funding for construction of sidewalks in CDBG-eligible areas. Approximately 600 linear feet of sidewalk was constructed on Calle Puente between North Ola Vista and El Camino Real. Additionally, in November 2016, the City Council approved a substantial amendment to the 2016-17 Annual Action Plan, to allocate approximately \$385,600 in prior year uncommitted CDBG funds for two additional projects:

- W. Avenida Palizada sidewalks between El Camino Real and North Ola Vista.
- San Luis Rey Park playground equipment replacement and installation of wood fiber playground surface.

A variety of public service programs are also funded by CDBG. The program activities are intended to benefit the community, families, and individuals and often address housing, health, and social service needs identified by the public. During the 2016-17 fiscal year, the City assisted 2,890 residents through services funded by CDBG. In addition, CDBG Program Administration funds are allocated to fund costs of the Fair Housing Foundation and consultants, who help administered the grant. The CAPER submitted for City Council approval includes the following funded programs.

Table 1: CDBG FUNDED PROGRAMS - FY 2016-2017

CDBG PROGRAM	GRANT FUNDED AMOUNT	EXPECTED NUMBER	ACTUAL NUMBER	GRANT FUNDS EXPENDED
Housing Rehabilitation: Housing rehabilitation assistance for owner-occupied & rental housing	\$91,108	6	2	\$78,018 ¹

TOTAL 2016-17 Grant Funded Amount	\$757,886			\$501,742⁴

1. Expended amount includes \$20,000 returned to homeowner who mistakenly repaid grant.
2. Original program budget was \$20,000, in May 2017, \$10,000 was reallocated to Housing Rehabilitation.
3. Original budget was \$120,416 - \$40,584 was added in November 2016.
4. \$7,252 in additional expenditures were incurred for prior year projects (OH Beach Club ADA and 2015 Sidewalks)

Every year there is typically some funding that is not completely spent on projects. During the years the City also receives repayments of past home rehabilitation loans. These funds are carried over to the following fiscal year to help fund additional programs. As noted above in Table 1 under Public Improvements, the \$200,000 of carry-over funds will go toward the Palizada sidewalk project this fiscal year.

Recommended Action:

STAFF RECOMMENDS THAT the City Council approve and adopt the 2016-17 Consolidated Annual Performance Evaluation Report (CAPER) for submittal to the U.S. Department of Housing and Urban Development.

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan.

91.520(a)

The City of San Clemente is a recipient of Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD). CDBG funds may be used for a variety of activities provided the majority of beneficiaries meet HUD's definition of a low- and moderate-income individual. To receive CDBG funds, the City is required to prepare a strategic plan that identifies housing and community needs, prioritizes needs, and identifies programs and goals to address priority needs. This strategic plan is known as the Consolidated Plan. The Current Consolidated Plan was approved by the City Council in June 2016 for the four-year period of Fiscal Year (FY) 2016-2017 through FY 2019-2020. On an annual basis, the City prepares an expenditure plan (the Annual Action Plan) that lists specific activities the City will carry out with CDBG funds and that meet the housing and community needs identified in the Consolidated Plan. At the end of each fiscal year, the City is required to prepare an accomplishment report. This report is known as the Consolidated Annual Performance and Evaluation Report or CAPER. In addition to comparing planned versus actual accomplishments for the respective fiscal year, the CAPER also tracks the City's progress toward meeting the four-year goals established in the Consolidated Plan.

The 2016-2017 CAPER provides a summary of the CDBG-funded activities undertaken by the City during the period of July 1, 2016, through June 30, 2017 (FY 2016-17). FY 2016-17 is the first year of the four years covered by the current Consolidated Plan. Accomplishment highlights for the year include the following:

- Rehabilitation assistance was provided to two lower income homeowners.
- Over 2,800 lower income residents were assisted with a variety of safety net social service programs such as reduced cost medical services, youth recreation programs, counseling for victims of domestic violence, and case management for homebound seniors.
- Construction of sidewalks benefitting residential neighborhoods (1 project completed and one underway during the report period).
- Neighborhood park improvements (installation of new playground equipment and play area surface).
- Fair housing counseling and services for tenants, landlords and property owners.
- Upgrading of business signs for commercial ventures serving CDBG target areas.

Finally, the Orange County Housing Authority (OCHA) assisted 129 San Clemente renter households with a rental assistance voucher or certificate (as of 3/31/17).

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Table 1 lists the goals, categories, funding sources and amounts, goal outcome indicators, and targets/actual outcomes/outputs and percentage completed for the four-year Consolidated Plan period and for FY 2016-17 (Year 1 of the Consolidated Plan).

Table 1 - Accomplishments - Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

As summarized in Table 1, the City used CDBG funds to address the priority needs identified in the Consolidated Plan including safety net programs for lower income households:

- Age Well Senior Services provided case management services that assessed the health and living situation of homebound seniors. The goal of the program is to help ensure seniors remain healthy and housed in place in an effort to avoid or delay costly institutionalization in managed care facilities – 33 seniors were served during the report period.
- Camino Health Center provided reduced cost medical and pediatric dental care services for lower income households, including the uninsured and the homeless – 2,472 lower income individuals were served during the report period.
- Fun On The Run, a City-sponsored program, provided after school and summer youth recreation services for low- and moderate-income youth – 218 youths were served during the report period.
- Laura's House provided a variety of support services for victims of domestic violence including a 24-hour hotline, referrals, and safe house planning including emergency and transitional housing – 167 individuals were served during the report period.
- The Fair Housing Foundation (FHF) provided a variety of services aimed at overcoming impediments to accessing safe and decent housing. FHF provided outreach, education and enforcement service for tenants, landlords and property managers - 68 households were served during the report period.
- Grants to local entrepreneurs were available to update signs and other exterior building improvements – one business was assisted during the report period.

To address priority housing needs, the City offered housing rehabilitation assistance to qualified homeowners and rental property owners. The program aims to preserve and improve the City's existing housing stock. Housing rehabilitation loans were provided to two homeowners. Improvements undertaken included installation of new energy efficient windows, termite treatment, installation of new hot water heaters, and other housing health and safety improvements. As indicated above, the Orange County Housing Authority (OCHA) provided rental assistance to 129 San Clemente renter households.

With respect to public infrastructure and facility improvement priorities, CDBG funding was allocated for the construction of sidewalks in residential neighborhoods within the City's CDBG target area. Projects installed missing sidewalk segments or replaced deteriorated sidewalks. One project was substantially completed during the report period; the second project required additional funding and will be constructed during the 2017-18 report period. CDBG funding was also utilized to install new playground equipment at San Luis Rey Park.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG
White	6,441
Black or African American	35
Asian	229
American Indian or American Native	40
Native Hawaiian or Other Pacific Islander	5
Total	6,750
Hispanic	1,902
Not Hispanic	4,848

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

According to the U.S. Census Bureau, the majority of San Clemente residents are racially White – 82.6% per the *2011-2015 American Community Survey 5-Year Estimates*. This same data source reports that 18.4% of the City's population is Hispanic/Latino – the City's largest minority population.

Based on the data from Table 2, approximately 95% of program participants were White, with 39% of these individuals reported to be ethnically Hispanic/Latino. A closer look at the accomplishment data from individual activities provides added insight. Among safety net programs such as medical care and youth services, the majority of clients served were lower income Hispanic/Latino households (51% and 80% respectively). While data from the Consolidated Plan indicates no one San Clemente minority population is disproportionately significantly housing cost burdened (i.e., household paying more than 50% of monthly income for housing), data from Table 2 seems to indicate that some minority households may be economically unstable and seek out services in hopes of stabilizing their economic situation.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	CDBG	\$748,778	\$508,997

Table 3 - Resources Made Available

Narrative

According to the City’s 2016-17 Annual Action Plan, the City anticipated utilizing \$363,089 in CDBG program resources comprised of its 2016 CDBG Annual Allocation of \$345,089, plus \$18,000 in Prior Year Funds. The City did not anticipate receiving CDBG Program Income funds (i.e., Revolving Loan funds generated by the repayment of prior CDBG-funded housing rehabilitation loans).

During the report period, the City received its 2016 CDBG grant of \$345,089, and had access to \$18,000 in prior year funds; no program income was received; however, in November 2016, the City substantially amended the 2016-2017 Annual Action Plan to allocate an additional \$385,689 in prior year uncommitted CDBG funds for two capital improvement projects. In total, \$748,778 in CDBG resources funding was available for programming during the 2016-17 report period.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
CDBG Census Tracts	41	61	Census Tract Block Groups identified by HUD as eligible for CDBG-funded activities
Citywide	59	39	Citywide program or activity

Table 4 – Identify the geographic distribution and location of investments

Narrative

Table 4 demonstrates the expenditure of 61% of CDBG funds in eligible Census Tracts. This percentage is considerably different than the “Planned” allocations. The primary reason for this difference is the Substantial Amendment undertaken by the City in November 2016 to allocate over \$385,000 in uncommitted prior year CDBG funds for two projects originally not listed in in the 2016-2017 Annual Action Plan. Both the W. Palizada Sidewalk and San Luis Rey Park Playground Equipment projects are eligible for CDBG funding due to their location, i.e., Census Tract Block Groups with a significant percentage of low- and moderate-income residents as defined by HUD (see Attachment 2: Map of CDBG Target Areas)

All CDBG-funded public service grants were available on a citywide basis. Similarly, housing rehabilitation assistance was available citywide.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The City of San Clemente made an effort to leverage CDBG funds to the greatest extent possible. Approximately \$75,800 in other resources was used to leverage federal funds during the 2016-17 report period. These sources included the following:

- Good Neighbor Grants (City funded social service programs): \$57,712
- General Fund (staff time to manage Puente Sidewalk): \$12,000
- Park Asset Replacement Fund: (San Luis Rey Park Playground Equipment): \$6,092

There is no match requirement for the CDBG program.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

Table 6 -- Number of Households Supported

1. Assistance provided by the Orange County Housing Authority (OCHA).

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City did not meet planned housing rehabilitation program goals for the 2016-17 report period. The 2016-2017 Annual Action Plan set a one-year goal to rehabilitate six housing units (four single-family units and two rental units). During the report period, program staff initiated the rehabilitation of two units – neither project was completed by June 30, 2017. The low accomplishment rate is attributed to a six-month delay in implementing the housing rehabilitation program. Specifically, new contract program staff was engaged by the City at the beginning of the 2016-17 report period. A complete rewrite of program policies and procedures was undertaken by the City's Housing Rehabilitation consultant and City staff.

"Households supported through rental assistance" are San Clemente households assisted by OCHA.

Discuss how these outcomes will impact future annual action plans.

As indicated above, a comprehensive retooling of the City's housing rehabilitation program was completed during the 2016-17 report period. Program staff has indicated additional time will be necessary to assess if program revisions will meet the communities housing needs or if additional modifications may be necessary.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	0	0
Low-income	1	0
Moderate-income	1	0
Total	2	0

Table 7 – Number of Households Served

Narrative Information

Table 7 provides information regarding the households that received housing rehabilitation assistance during FY 2016-17. OCHA reports that 129 very low-income and extremely low-income San Clemente households received rental assistance during the 2016-17 report period. The City is not a recipient of HOME funds.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

No CDBG funds were allocated during the 2016-17 report period for homeless outreach; however, the Orange County Sheriff and regional homeless service providers such as Family Assistance Ministries (FAM), have established outreach programs that engage the homeless in south Orange County. In addition to supporting these efforts by endorsing the coordinated efforts of the regional Continuum of Care and its outreach and assessment strategy, the City provided \$22,000 in general fund resources (Good Neighbor Grant) to support agencies FAM's continuum of homeless services.

Addressing the emergency shelter and transitional housing needs of homeless persons

During the 2016-17 report period, the City did not fund any emergency shelter programs with CDBG funds; however, CDBG funding for Laura's House was utilized to provide transitional housing opportunities for 18 victims of domestic violence. FAM utilized Good Neighbor Grant resources to assist 17 individuals with short-term emergency housing (i.e., motel vouchers).

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The City's homeless strategy delineated in the Consolidated Plan calls for providing safety net services that help prevent individuals and families from becoming homeless. To this end, during the 2016-17 report period, CDBG funding was allocated to Camino Health Center and Fun On The Run. Respectively, these programs provided reduced cost medical/dental and childcare services to lower income households, which allowed these individuals to redirect limited financial resources to stay housed.

FAM's homelessness prevention program utilized Good Neighbor Grant funds to pay for a portion of housing cost to prevent eviction or to prevent utility shut-off - 75 individuals benefited from this type of assistance. Additionally, FAM utilized funds to provide transportation, medical and food to numerous San Clemente residents.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that

individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

During the 2016-17 report period, no CDBG funding was allocated to specifically fund permanent housing activities for homeless persons; however, FAM utilized Good Neighbor Grant to provide rapid rehousing assistance to three San Clemente residents. In addition to housing assistance, a variety of supportive services were also made available to program participants in an effort to ensure long-term housing stability.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The City of San Clemente does not own or manage public housing.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Not applicable

Actions taken to provide assistance to troubled PHAs

Not applicable

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The 2016-2017 Annual Action Plan indicated that the City would address barriers to affordable housing by considering the following actions:

- **Housing Resources:** Inclusionary Housing in-lieu fees were available to assist nonprofit agencies purchase land or existing housing units to create long-term affordable housing opportunities.
- **Environmental Review:** City staff was available to assist property owners and developers navigate environmental review regulations to help reduce holding cost associated with the time needed to comply with environmental reviews.
- **Planning and Development Fees:** The City typically does not offer fee waivers; however, the City Council can approve a waiver, offer deferred or reduced fees, or supplement fees with public funds for affordable housing projects.
- **Permit and Processing Procedures:** For affordable housing project, City staff is available to interact with project sponsors early in the process to help determine project feasibility and to guide a developer through the entitlement process.
- **Land Use Controls:** In general, land use controls are necessary to protect the public health, safety and welfare and maintain the quality of life. The City has implemented reasonable controls which are appropriate for the community.
- **Tax Policies:** There is no local tax.

During the 2016-17 report period, the City funded the Fair Housing Foundation (FHF), which provided fair housing services to City residents, including low- and moderate-income and special needs populations. Services provided by FHF included outreach, education, and fair housing enforcement. A total of 68 households were assisted during the report period. During the report period, six housing discrimination complaints were received by FHF. Complaints alleged fair housing discrimination based on religion (one case) and physical disability (5 cases). After further investigation, three cases were opened for further action – all three were successfully resolved. Fair housing issues addressed by FHF's education staff included habitability, notices and rent increase issues. Fair housing workshops for landlords, property managers and tenants were also held in the City, as was one fair housing walk-in clinic. FHF's outreach team attended community events and also distributed over 2,000 pieces of fair housing literature throughout the City

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City recognizes that special needs populations face challenges due to low income, the special needs conditions that they face. Such individuals are more likely to become homeless because of these factors. Special needs populations require housing and supportive services. The City considers

supportive services and housing for special needs populations as a priority. Supportive services are also considered a high priority in the Continuum of Care of Orange County. During FY 2016-17 the City funded public service agencies that provide a social safety net to help at risk households. Services included access to reduced health care and youth recreation services. Other special needs service funded during the report period include counseling for victims of domestic violence and professional case management for home-bound adults.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The Residential Lead-Based Paint (LBP) Hazard Reduction Act of 1992 (Title X) changed the federal approach to addressing LBP by increasing the emphasis on prevention of childhood lead poisoning through housing based approaches. The City has included lead based paint hazard reduction as an eligible activity in the City's housing rehabilitation programs.

All application packets for the City's housing rehabilitation programs include a notice to educate residents about the health dangers of lead and encourage screening of children for elevated blood-lead levels. Additionally, prior to the use of federal funds, all existing units are screened for lead-based paint as appropriate. Housing units identified as having lead-based paint hazards are treated so the lead-based paint hazards are abated in accordance with federal requirements. The use of lead-based paint is prohibited in newly constructed units. The one housing unit rehabilitated during FY 2016-17 was constructed after 1978 and the other tested free of lead-based hazards. If necessary, safe work practices, as dictated by HUD, would be used to address the lead hazards.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

According to the U.S. Census Bureau, approximately 8% of San Clemente residents have incomes below the poverty level, this figure includes approximately 4.9% of City residents age 65 and older and 9.7% of children under the age of 18.^[1] The Consolidated Plan and Annual Action Plan indicated that the City will support social services and housing activities for households below the poverty line in recognition that income enhancement services are necessary to increase household incomes.

During the 2016-17 report period, seniors were assisted with in-home support and case management services – services were provided free of charge. The City also provided funding to its Fun On The Run recreation program for low- and moderate-income youth. The program offers professionally supervised, free or reduced cost youth recreation activities that accommodates the schedule of working parents. Finally, recognizing that poverty-level households may need assistance affording health care, the City provided funding for Camino Health Center, which provided reduced cost medical and pediatric dental services for lower income San Clemente residents.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

During FY 2016-17, the City continued efforts to eliminate institutional gaps and enhance coordination of programs with all segments of the community. For example, the City partnered with nonprofits to

deliver public services. City departments also continued to work together to evaluate projects that may be funded in whole or in part with CDBG funds that address priority needs. The City assisted OCHA by participating in the Cities Advisory Committee – a quarterly meeting of cities and OCHA to discuss issues related to federal rental housing assistance and regional housing issues in general. As a member of the Orange County Continuum of Care Community Forum, the City provided critical information to the regional Continuum of Care (CoC) as it prepared the County's CoC Homeless Assistance grant application for HUD consideration. The City also provided input in the ongoing development of the County's Ten-Year Plan to end chronic homelessness and the regional discharge plan.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

As indicated above, the City participated in regional coordination of services by participating in the quarterly Cities Advisory Committee held by OCHA to discuss issues related to federal rental housing assistance and as a member of the Orange County CoC Forum. Through its CDBG and general fund grant programs, the City has coordinated the delivery of social services to the community that address a variety of needs.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Consolidated Plan regulations requires CDBG recipients to: (1) examine and attempt to alleviate housing discrimination within their jurisdiction; (2) promote fair housing choice for all persons; (3) provide opportunities for all persons to reside in any given housing development, regardless of race, color, religion, sex, disability, familial status, or national origin; (4) promote housing that is accessible to and usable by persons with disabilities; (5) and comply with the non-discrimination requirements of the Fair Housing Act. HUD encourages jurisdictions to consult with one another and initiate metropolitan wide area fair housing planning. The **Analysis of Impediments (AI) to Fair Housing Choice** is the primary document utilized for this purpose.

In July 2013, HUD published proposed rules that substantially revamped existing AI rules; however, final implementing regulations were not published at the time a new AI needed to be prepared (FY 2015-16). Consistent with HUD's directive, the City partnered with 15 Orange County jurisdictions to prepare the updated AI, which provided a summary of fair housing impediments and the actions to be taken by the City to address impediments. Impediments and steps taken by the City to address fair housing impediments during FY 2016-17 are summarized in **Attachment 3**.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The City's on-site monitoring program has been designed to provide program staff with information to verify the accuracy of data provided by subrecipients, ensure that subrecipients are carrying out individual activities as described in their contracts, and to ensure that appropriate accounting and record keeping methods are used by subrecipients as it relates to the use of CDBG funds. New CDBG program policies drafted during the 2016-17 report period will ensure subrecipients receive training regarding CDBG grant management including the following topics: 1) review the CDBG program goals, objectives and subrecipient obligations; 2) review the content of the subrecipient agreements; and, 3) review regulations related to the CDBG program that impact subrecipients in the implementation of their programs.

On-site monitoring of subrecipients is conducted biennially unless program or administrative issues are identified or the grant recipient is new to CDBG. The City did not conduct any on-site visit of subrecipients during the 2016-17 report period; however, HUD CPD staff monitor the City's CDBG program during the report period. This monitoring included review of public service grant subrecipients – there were no significant findings resulting from this monitoring.

During the report period, program staff also worked closely with other City departments to ensure CDBG program regulations and other federal requirements were implemented. City departments and public service grant subrecipients submitted quarterly accomplishment reports. Subrecipients were required to submit documentation to support CDBG reimbursement requests.

The City also made every effort to comply with all CDBG and Consolidated Plan regulations. The City's Citizen Participation Plan ensures that community input is considered prior to the submission of a substantial amendment or an annual update to HUD. It also ensures residents have the opportunity to review and comment on annual performance. Construction, professional service, and subrecipient agreements have been prepared to ensure compliance with applicable federal regulations. Additionally, the City has implemented an open procurement process that encourages bidding from minority and women-owned businesses.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

To encourage resident participation in the City's CDBG program, the City published a notice in the *Sun Post News* on August 21, 2017, announcing a 15-day public comment period and public hearing for the 2016-2017 CAPER. The CAPER was made available for public review and comment at San Clemente City Hall and the Community Development Department (located at 100 Avenida Presidio and 910 Calle Negocio #100 respectively). The draft was also posted on the City's website. A public hearing to obtain additional public comments was held by the San Clemente City Council on September 5, 2017. A copy of this notice and a summary of written comments is provided as **Attachment 1**.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The City of San Clemente did not undertake any action to change the program objectives identified in the Consolidated Plan and 2016-2017 Annual Action Plan. The City did substantially amend the Annual Action Plan in order to allocate prior year funds originally not designated for use. Funds were allocated to activities that addressed goals and objectives identified in the Consolidated Plan.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

NOTICE OF PUBLIC HEARING

**NOTICE IS HEREBY GIVEN THAT A PUBLIC HEARING
WILL BE HELD BY THE CITY COUNCIL OF THE CITY OF SAN CLEMENTE,
CALIFORNIA ON THE PROPOSED SUBMISSION OF THE 2016-17 CONSOLIDATED ANNUAL
PERFORMANCE EVALUATION REPORT AND COMMENCEMENT OF THE FIFTEEN (15) DAY
COMMENT PERIOD 8/25/17 – 9/11/17**

**Community Development Block Grant Application – 2016-17 Consolidated Annual Performance
Evaluation Report**

The City of San Clemente is a recipient of Community Development Block Grant (CDBG) funds, awarded to the City by the U.S. Department of Housing and Urban Development (HUD). In order to receive CDBG funds, the City is required to prepare a five-year strategic plan known as the Consolidated Plan. At the beginning of each fiscal year, the City also prepares a one-year expenditure plan outlining the planned use of CDBG funds. At the conclusion of the fiscal year the City must prepare the Consolidated Annual Performance Evaluation Report (CAPER). The 2016-17 CAPER covers the period of July 1, 2016, through June 30, 2017, and provides a summary of activities undertaken with CDBG funds during the report period.

In compliance with program regulations, the draft CAPER must be available for a 15-day public review and comment period meet. The 15-day public comment period will begin August 25, 2017, and will end at noon, September 11, 2017. The draft report will be available for public inspection during regular business hours at City Hall, 100 Avenida Presidio, the Community Development Department at 910 Calle Negocio, and the City's web site at <http://san-clemente.org>. Written comments should be directed to Amber Gregg, City Planner, at 910 Calle Negocio, San Clemente, CA 92673, or GreggA@san-clemente.org, on or before noon September 11, 2017.

NOTICE IS FURTHER GIVEN that said Public Hearing will be held at the meeting of the City Council on September 5, 2017, at 6:00 p.m., or soon thereafter, in the City Hall Council Chambers, 100 Avenida Presidio, San Clemente, California. All interested persons are invited to attend said hearing, or by written communication to the City Council, to express their opinion for or against the request. For information regarding the meeting (including reasonable requests for special accommodations for persons with disabilities), please contact Joanne Baade at (949) 361-8345.

Notice is hereby given that an initial environmental assessment for the above item was processed and completed in accordance with the California Environmental Quality Act (CEQA). Staff determined that the above item is categorically exempt in accordance with CEQA, Article 19, Section 15301.

If you challenge this project in court, you may be limited to raising only those issues you or someone else raised at the Public Hearing described in this notice, or in written correspondence delivered to the City of San Clemente at, or prior to, the Public Hearing.

Impediment	Actions	
A. Regional, Private Sector Impediments Carried Over from 2010 Regional and Subregional/AI		
<p>A-1. Housing Discrimination</p> <p>Data indicates housing discrimination continues to exist throughout Orange County, as evidenced by the number of complaints and fair housing cases opened by the Fair Housing Foundation and Fair Housing Council of Orange County. An average of 85 cases were opened in the participating cities over the past three years, with the leading bias based on disability (physical and mental), followed by familial status, national origin and race.</p>	<p>a) Conduct multi-faceted fair housing outreach to tenants, landlords, property owners, realtors, and property management companies. Methods of outreach should include workshops, informational booths, presentations to civic leaders and community groups, staff trainings, and distribution of multi-lingual fair housing literature.</p> <p>b) Conduct focused outreach to small property owners/landlords; conduct property manager trainings on a regular basis; promote fair housing certificate training.</p> <p>c) Provide general counseling and referrals to address tenant-landlord issues, and provide periodic tenant-landlord walk-in clinics at City Halls and other community locations.</p> <p>d) Include testing/audits within the scope of work for each city's fair housing provider. Support enforcement activity and publicize outcomes of fair housing litigation.</p>	<p>Ongoing 2015/16 - 2019/20</p> <p>2016-17 Action</p> <ul style="list-style-type: none"> • The Fair Housing Foundation (FHF) conducted 1 tenant, 1 landlord and 1 property managers training • FHF conducted presentations for Chamber of Commerce, • FHF conducted 1 Walk-In-Clinic
<p>A-2. Racial and Ethnic Segregation</p> <p>Residential segregation refers to the degree in which groups live separately from one another. As presented within the Community Profile, there are areas of racial/ethnic concentrations in the County. Approximately ten percent of households are considered to be limited English-speaking households.</p>	<p>a) Coordinate with fair housing providers to focus fair housing services, education/outreach, and/or additional testing in areas of racial/ethnic concentrations.</p> <p>b) Offer a variety of housing opportunities to enhance mobility among residents of all races and ethnicities. Facilitate affordable housing throughout the community through: 1) available financial assistance; 2) flexible development standards; 3) density bonuses; and 4) other zoning tools.</p>	<p>Ongoing 2015/16 - 2019/20</p> <p>2016-17 Action</p> <ul style="list-style-type: none"> • FHF provided over 2,000 pieces of fair housing literature in both English and Spanish • PSAs were aired on the City's cable station.

Hate Crimes</p> <p>Hate crimes committed at a residence are an impediment to fair housing choice because they impact the lives of an average of 35 households per year in the 16 participating Orange County cities. Of the total 169 hate crime incidents reported between 2010 and 2014, 57 incidents were related to race, 38 to religion, 37 to sexual orientation, 33 to ethnicity, 2 to disability and 2 to gender identity.</p>	<p>accommodations, including "service animals" and "companion animals" for disabled persons.</p> <p>a) Continue to monitor FBI data to determine if any hate crimes are housing related and if there are actions that may be taken by the City or its fair housing service provider to address potential discrimination linked to the bias motivations of hate crimes.</p> <p>b) Continue to coordinate with various City and County housing, building and safety, health and sanitation, law enforcement and legal aid offices to maintain a comprehensive referral list of support services for victims of hate crimes or other violent crimes – inclusive of housing resources.</p>	<p>Ongoing 2015/16 - 2019/20</p> <p>2016-17 Action</p> <ul style="list-style-type: none"> • No action reported by FHF • Hate Crime statistics are collected and reported by local law enforcement
<p>A-6. Unfair Lending</p> <p>Disparities in the home purchase loan denial rates experienced by Hispanic and Black/African American applicants within the 16 Orange County cities creates an impediment to fair housing choice as they have loans denied at rates 1.5 to 1.6 times greater than White applicants. In addition, Hispanic residents, which comprise 34 percent of Orange County's population, account for just 10 percent of home purchase loans, and the percentage of completed mortgage loans by Hispanics has decreased in each of the past five years.</p>	<p>a) As resources permit, monitor HMDA data annually using the 2013 HMDA analysis as a benchmark.</p> <p>b) As resources permit, monitor the top 10 lenders in Orange County to compare and contrast loan denial rates and percentage of loans completed to minority populations.</p> <p>c) Both of the Orange County fair housing service contractors should assist in identifying potential issues regarding redlining, predatory lending and other illegal lending activities. B-2. Housing for Persons with Disabilities	<p>Disability is the greatest cited basis for discrimination, comprising over half of the fair housing cases in the 16 cities over the past three years. With the exception of San Clemente, all participating jurisdictions have adopted formal policies and procedures to reasonably accommodate the housing needs of disabled residents. However, three cities charge a fee (Anaheim, Tustin and La Habra), and one city requires a public hearing (Newport Beach). Imposing a fee or a requirement for a public hearing could serve as an impediment to persons with disabilities.</p> <p><u>Jurisdiction-Specific Actions:</u></p> <p>a) The City of San Clemente should adopt a formal Reasonable Accommodations policy and procedure.</p>	<p>2016</p> <p>2016-17 Action</p> <p>No action to report</p>

VI. 2016-2017 Annual Action Plan

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

Ongoing reductions and fluctuations in CDBG funding make it difficult to estimate the amount that will be available over the four-year time period of the Consolidated Plan. The loss of redevelopment funding had a significant impact on the resources available to the City to undertake affordable housing activities. Due to recent housing development activity, the City does have access to In-lieu Affordable Housing Fee resources. Additionally, housing voucher/certificate resources (via OCHA) and "Good Neighbor Funding," i.e., social service grants from the City's General Fund will be available to carry out activities that support the goals of the Consolidated Plan.

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

In past years, the City was able to leverage federal funds with local redevelopment funds. In 2012 the State Legislature and the Governor passed legislation to dissolve all redevelopment agencies in the State. As a result, this funding source is no longer available. The City has identified other resources that will be available to carry out activities that address the goals of the Consolidated Plan:

- OCHA reports that as of March 31, 2016, a total of 142 San Clement households received rental assistance. It is anticipated that a similar number of households will be assisted annual over the four-year period of the Consolidated Plan.
- On an annual basis, the City allocates approximately \$80,000 in General Fund resources to support a variety of social service programs in the community, i.e., Good Neighbor Funding. Several types of services are funded with these resources including funding for homelessness prevention and interim housing for homeless families with children.
- In-lieu Affordable Housing Fund resources generated via the City's Inclusionary Housing Program (IHP) are available to assist nonprofit agencies purchase land or existing housing units for the provision of long-term affordable housing. The IHP was adopted by the City in 1980 in an effort to increase the supply of affordable housing commensurate with new market-rate development within the City. The program requires developers of six or more units to set aside 4% of total units developed for households earning 50% or less of the area median income. The affordable requirement can be provided either on-site, off-site, or through the payment of an in-lieu fee. City staff indicates recent housing development has generated a fund of approximately \$1,000,000. No specific project(s) is presently slated to benefit from this resource; however, these funds should be considered one-time funds as most large housing scale development City is complete and the City approaches build-out.

CDBG does not require matching funds.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

As indicated in the Strategic Plan, San Clemente is nearly "built-out" with limited vacant land. The City's Housing Element identifies several vacant and underutilized sites that may be suitable for housing development (Attachment L). Nearly all vacant residential sites are small, infill parcels located west of Interstate 5. Additionally, the majority of parcels identified in the Housing Element residential sites inventory are in the City's Affordable Housing Overlay. The intent of the Overlay Zone is to facilitate the development of affordable rental and for sale housing in the City's commercial and mixed use zones.

Discussion

Funding resources to implement the City's 2016-2017 Annual Action Plan are limited. HUD has notified the City that its 2016-2017 CDBG grant is \$345,089. This amount is \$13,683 (4.13%) more than the City's 2015-2016 CDBG allocation; however, it is worth noting that since the City became a CDBG recipient community in 2006, its CDBG allocation has decreased by 44.5%. It is anticipated that CDBG funding will continue to be reduced. CDBG-funded housing rehabilitation loan repayments have provided the City with additional source of funding; however, loan repayments are susceptible to the fluctuations of the economy and are unpredictable.

HUD has begun to invest additional resources into housing assistance vouchers and certificates, and OCHA has aggressively pursued these new resources. The City will continue to support OCHA's efforts to secure new rental assistance resources. Additionally, for the foreseeable future, the City will continue to support programs serving City residents with Good Neighbor social service grants. As outlined above, San Clemente has identified vacant and underutilized land that may be suitable housing development, additionally, in lieu fees for affordable housing development may also be available to support affordable housing activities.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The City will allocate a portion of its CDBG funds for activities that address the housing and service needs of the elderly and lower income households, especially those at risk of becoming homeless. According to data from the Market Analysis these households are contributing significant portions of their income to maintain their housing. Consistent with the City's Homeless Strategy, resources will be allocated to help these households remain housed in place rather than fall into homelessness. Additionally, the City will encourage and support OCHA's efforts to obtain additional rental assistance funding for San Clemente households. The City's housing rehabilitation program will also focus its efforts to assist elderly homeowners undertake improvement of respective residences to address specific household needs.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Some activities slated for CDBG-funding during FY 2016-2017 will be available on a citywide basis to income eligible individuals and households. These activities include public services and housing rehabilitation. Activities such as commercial rehabilitation and sidewalk improvements will be limited to specific areas of the City where a majority of residents meet HUD's income limits. A map of the City's CDBG Eligible Areas is provided in the Consolidated Plan Appendix (**Map 1: CDBG Eligible Areas Map**).

Table 62 - Geographic Distribution

Target Area	Percentage of Funds
CDBG census tracts	41
Citywide	59

Rationale for the priorities for allocating investments geographically

Funding is predominately allocated on a citywide basis as the City's primary intent is to serve lower income households that are in need of services/assistance regardless of where they live in the City. As the City's CDBG-eligible areas tend to be older sections of the City, area wide activities (e.g., public improvements) will help to improve and sustain these neighborhoods.

Discussion

As indicated above, CDBG funds will be mainly allocated to programs that serve lower income residents regardless of where they live (approximately 60% of available funds). The balance will be allocated to activities that will benefit residents of areas identified by HUD as having a significant number of lower income residents.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City will utilize limited CDBG funds and program income to provide housing rehabilitation loans and grants to eligible homeowners. No CDBG funding is allocated in 2016-2017 for homeless or other special needs populations housing.

Discussion

Due to limited resources, the City will focus 2016-2017 CDBG funds on housing rehabilitation of existing owner-occupied housing units. While not the primary focus of the program, some special-needs households (senior and disabled) may be assisted during the year by this program. City general funds will be allocated to support homeless programs including homelessness prevention, interim housing and supportive services.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

As outlined in the Strategic Plan, the City's homeless strategy places an emphasis on preventing homelessness. Based on the proposition that it is less expensive and disruptive to keep a household housed in place, the City will use CDBG resources to fund programs that provide services aimed at helping households to maximize the amount of income they can contribute toward housing. Services to be funded with CDBG include reduced cost after-school childcare, medical services, and case management/services for seniors. Funds will also be allocated to support counseling services for victims of domestic violence – these services include preparation of safe housing plans for client households. Non-CDBG funds will be utilized to support homelessness prevention, support services and interim housing for homeless families.

Describe the jurisdiction's one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of San Clemente does not directly fund homeless outreach services; however, the City does support agencies that work directly with both sheltered and unsheltered homeless populations. Agencies such as Family Assistance Ministries conduct extensive outreach and vulnerability assessments throughout San Clemente and neighboring communities. Other agencies conduct similar outreach and assessment services for specific homeless populations such as victims of domestic violence and transitional age youth.

Addressing the emergency shelter and transitional housing needs of homeless persons

No 2016-2017 CDBG funding is allocated to directly support emergency and transitional housing; however, as indicated in the Housing Market Analysis, there are 40 transitional shelter beds in the community managed by two agencies. Shelter beds are typically earmarked for special need populations such as homeless families and transitional age youth. As previously indicated, there are shelter beds for victims of domestic violence in the City; however, because City residents are typically not housed at this location, they are not included as a shelter resource.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals

and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

As outlined above, the City will focus its CDBG resources on preventing homelessness as opposed to funding services that assist those already homeless. It is important to note that the City's strategy does not exclude funding such programs. The City will continue to support agencies that provide these services by providing Certifications of Consistency with the Consolidated Plan (if applicable and merited), and will also continue to support the regional CoC as it seeks resources to address regional homeless issues.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

It is the City's strategy to help a household at risk of becoming homeless, to stay in their home. The City will continue to participate in regional homeless planning efforts including the OC CoC's Discharge Plan, which aims to prevent individuals leaving institutions, hospitals, etc., from becoming homeless.

Discussion

The City's homeless strategy is to help prevent homelessness and to support local service providers' efforts to seek additional resources. CDBG funds will be allocated to safety net services that will help households at risk of homelessness redirect limited income toward housing. City general funds will be allocated to support agencies that provide a variety of shelter and support services for the homeless.

AP-75 Barriers to Affordable Housing – 91.220(j)

Introduction:

Barriers to affordable housing and actions to overcome barriers have been previously discussed in the Consolidated Plan and are outlined in the City's Housing Element.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Housing Resources: The City will encourage developers to seek private and other public funding sources to reduce the development cost of housing units. To the extent that funds are available, Inclusionary Housing in-lieu fees may be made available to assist nonprofit agencies purchase land or existing housing units in order to create new long-term affordable housing opportunities.

Environmental Review. The Housing Element identifies exemptions that state and federal laws provide to streamline the environmental review process. City staff will assist property owners and developers navigate the various environmental review regulations to help reduce the holding cost associated with the time needed to comply with these reviews.

Planning and Development Fees. The City does not typically offer fee waivers; however, the City Council may approve a waiver, offer deferred or reduced fees, or supplement fees with funds from the In-lieu Fee Fund, for affordable housing projects.

Permit and Processing Procedures. The City's Housing Element outlines several time and cost savings development processes aimed at reducing the holding time of housing developers. For affordable housing project, City staff will interact with project sponsors early in the process to determine project feasibility and will assist the developer through the entitlement process.

Land Use Controls. In general, land use controls are necessary to protect the public health, safety and welfare and maintain the quality of life. The City has implemented reasonable controls which are appropriate for the community.

Tax Policies: There is no local tax.

Discussion:

The City's Housing Element outlines a comprehensive plan to address barriers to affordable housing. The Consolidated Plan mirrors this plan.

AP-85 Other Actions – 91.220(k)

Introduction:

Outlined below are the actions the City will implement to address the sub-strategies of the Strategic Plan.

Actions planned to address obstacles to meeting underserved needs

The City will allocate a portion of its CDBG funds for activities that address the service needs of the elderly and lower-income households. Additionally, the City will encourage and support OCHA's efforts to obtain additional rental assistance funding especially for senior and low-income households. The City's housing rehabilitation programs will be available to assist elderly homeowners undertake improvement of respective residences to address specific household needs.

Actions planned to foster and maintain affordable housing

The City of San Clemente has identified the actions it will undertake during FY 2016-2017 to foster and maintain affordable housing. The Consolidated Plan Identified programs such as Housing Rehabilitation assistance as the means to maintain and improve housing currently available to low and moderate-income residents. By providing deferred payment loans and grants, lower income households are able to rehabilitate their residence to meet basic housing quality standards and incur zero or minimal additional housing costs. An estimated six housing units will be assisted with CDBG funds during the 2016-2017 Program Year.

Actions planned to reduce lead-based paint hazards

To ensure compliance with program regulations, all housing units, that were constructed before 1978, that are rehabbed with CDBG resources, will be tested for lead-paint hazards. If lead is found, additional assistance may be provided to eliminate or mitigate lead hazards.

Actions planned to reduce the number of poverty-level families

As previously outlined, approximately 8.6% of the City's population is living at or below the poverty level including 11.5% of children under the age of 18 and 5.9% of seniors (age 65 and older). During FY 2016-2017, the City will fund the following activities with the goal of reducing the number of households living in poverty:

- Housing programs including rehabilitation for lower income and senior homeowners, and rental assistance for very low-income renters (the latter via the Orange County Housing Authority).
- Public services that provide free or reduced cost services to lower income households that will help to improve quality of life.
- Commercial property upgrades to improve neighborhood aesthetics and expand economic opportunities for lower income residents.

Actions planned to develop Institutional structure

The City has made an effort to develop an institutional structure that will help identify and access resources to improve the community. The City will continue to work with nonprofit public entities to deliver public services. As a member of the Orange County Continuum of Care Community Forum, the City will provide critical information to the County of Orange for preparation of the County's Continuum of Care Homeless Assistance grant application to HUD. The City will also continue to assist the OCHA implement its Five-year Public Housing Authority (PHA) Plan for the provision of rental assistance vouchers and certificates.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of San Clemente does not operate public housing. OCHA provides rental assistance in the community. Federal legislation requires that the Housing Authority prepare five-year and one-year plans that highlight its mission, goals and objectives as it relates to public and assisted housing programs. The City will review the Authority's plans and will provide OCHA the opportunity to review and consult with the City regarding its Consolidated Plan. The goal of this cross-consultation is to provide consistent and coordinated housing services for City residents.

San Clemente has also developed positive working relationships with private and nonprofit housing developers (e.g. Jamboree Housing). Ongoing relationships with local nonprofits also promotes the efficient and effective use of limited resources public resources for housing.

Discussion:

One HUD-required strategy not discussed above are the City's action steps to affirmatively further fair housing via the Analysis of Impediments (AI) for Fair Housing Choice. As indicated in the Strategic Plan, the City's current AI is summarized in the Appendix (Attachment K). Action steps to be taken during FY 2016-2017 are also found in Attachment K.
