

**APPENDIX A**

Stakeholder Interview Notes

## 11.00 am Business Group

- Jessica – Downtown Business Association
- Ray – North Beach Business Association
- Jim – Chamber of Commerce

### Attendees

- Pam
- Claire (economic benefits of parks – higher property values; businesses with trees / parking bring in and keep people for a longer time)
- Neelay

### Strengths

- Beach and beach trails are one of the main draws / Trails are transformative for North Beach
- Vista Hermosa Sports Park are very popular
- Sea Summit Parks are very nice
- Park on North Beach is popular and heavily used
  - Good parking is well used
  - Riders Club is very successful
- Lawns on the Ole Hanson Beach Club are well used and liked
  - Moms with young kids
  - Yoga classes etc. are popular too
- Great views from various parts of San Clemente
- Bike racks are helpful and promoting mobility etc.
- Seating areas and benches are very useful
- Well maintained parks and great asset for families with young kids
- Shaded spaces / parks ones with kids are very well liked too
- Boys and Girls Club are tremendous asset

### Opportunities

- Ole Hanson Beach Club back area can be better used with combating the homeless population
- Renovation on existing parks needed e.g. San Luis Ray
- Would like to have more activity / entertainment draw near The Outlets
- Public restrooms are often required especially by businesses downtown (more of them, better signage or better access to them)
- Lack of sand on the North beach and city wide (City-wide sand dump plan does not include North beach)
- More events in North Beach – not huge events but specifically like a Farmer's Market with music / art content
- Destination location – beaches are a huge part of it and need to be kept updated with swing / play structures
- Pier needs some love and upkeep to keep it updated

- Continuing the beach trail all the way to the south of the City
- Snack shop – loss of sand regularly undermines it. Bobcat operator does a good job pushing back the sand
  - Underwater structure to help save the beach / sand
  - Newport Beach has jetties
  - Snack shop is seldom open (need to post their hours and be present for that)
- Boca de la Playa – 150 yard Verandah with picnic tables / benches / verandah etc. towards the pump station
- Beach Club Pool usage is important for people as well

### **Top Priority**

- Maintain and upgrade the Pier
- Need to maintain Sand and limit / prevent erosion
- Manage the beach as the primary attraction

## 2.00 pm Youth Sports Group

- Dawn – Water Polo (3 kids, freshman in HS)
- Ed Thomas – AYSO (16 year resident; 3 girls in sports)
- Mitch – Water Polo (son freshman at HS; 2 daughters)
- Logan Powell – Water Polo (HS Aquatics Coach)
- Mike Shannon – Little League (2 kids)
- Head Coach – SC Aquatics (coaching 35 years; originally Swedish; 3 kids)
- Stephanie Aguilar – Skateboarding (2 kids skateboard too)

### Attendees

- Pam
- Claire
- Neelay

### Strengths

- Great facilities; Vista Hermosa Sports Park is a huge asset
- Little kids use parks all the time
- Vista Hermosa is very heavily used and excellent facility
  - Attracted me to move here
- Courtney's Sandcastle is a very popular park and nice features / water features are very well used; musical features and drought tolerance is great too
- Like how City has kept up with growing and changing population
- Scheduling well-done; easy to contact people and manage schedules at all times
- Access to the fields is easy to obtain as well

### Opportunities

- Ole Hanson pool is not very user friendly (6 lanes / shallow pool)
  - When pool is renovated or other facility is renovated, develop a business plan to determine future use
- **Evaluate Question In Survey – Sports Park Master Plan has gym / indoor rec. space built in**
- Need more gym space (youth basketball programs etc.) in town since it is very limited (Boys and Girls Club does have one)
  - Indoor gyms are easier on the body
  - Indoor club volleyball / basketball could be used
  - Dana Point run classes out of their gym
  - Club basketball / volleyball could be a potential user group
- Don't need indoor spaces like Great Wolf Lodge here since indoor recreation spaces aren't as well desired
- Ole Hanson Pool could be converted to more of a warm water pool (divide and specialize) for older population and learn to swim programs for kids

- Evaluate hosting swim meets at the Sports Park pool
- Additional skateboard terrain
  - Need lights at the skate park
- Needs doors on City bathrooms
- Crossover with wheelchair sports at the Skate Park
- Open Space at Vista Hermosa could be used for open air events space, amphitheater, skatepark
  - Similar to Alga Norte Park in Carlsbad
- Trail connectors to various parts of the park would be helpful
- More bike lanes in San Clemente

### **Top Priority**

- Water polo tournaments on weekends in San Clemente
- Create more multiuse fields with outfield / backstop (without fencing)
- Take pressure off Hermosa Sports Park Pool by moving certain activities to Ole Hanson Pool for Jr. Lifeguard / Swim Lessons etc.
  - Same from two people
- HS School students have limited pool time availability based on when they get out of school
- Raise baseball field standards to better playable level and better baseball-specific maintenance

1.00 pm

Steve Streger (Commission Chair – expecting father; Max dog)

### Attendees

- Pam
- Claire
- Neelay

### Strengths

- Green spaces (athletic spaces are very well used)
- Sand – beaches
- Number and variety of parks / equity of distribution of parks is important
- Number of parks are lit which is a great asset
- North Beach is the crown jewel and where most tourists drive in to town

### Opportunities

- Linda Lane Park (back area) is barely used
- Get lighting at Jim Johnson Memorial Park
- Shutting existing Dog Park down and moving it next Fire Station (corner of LaPata and Hermosa) so families can be where other families are
  - If not, capital infusion needs to be done at the Big Dog Park similar to the updates at the Small Dog Park
  - Big Dog parks is non-functional for dogs currently (shade cover, artificial turf would be helpful)
- Meadow - regular unlined soccer pitch would be ideal
- More offleash dog run areas
- Pocket Park – revitalize the North Beach entrance point with a park instead of the parking lot
- Funding Sources – price survey (seem like we charge too little compared to many other places)
  - Don't make the best use of amenities we have for fund generation
  - Ole Hanson Beach Club should be managed and rented out
- **Supportive of recommending a Fee Study / Price Comparison study** in order to identify where and how can fees better reflect the current value it offers

### Top Priority

- Access Parity / Equity is the big priority
  - Dog access on the beach similar to people who have kids
  - Older kids / adult access to sports fields

10.00 am

Jim (Treasurer of all groups), Bill McNasty (Foundation), John Dorr (Friends Group)

### Attendees

- Pam
- Claire
- Neelay

### Strengths

- Parks planning website is a great idea
- The Beach concerts are fabulous and special events should be continued
- Community volunteer groups and foundations are a great strength but they can work together to target people in a concentrated manner
- Have non-profits that run senior computer education program that is very popular with seniors

### Opportunities

- No programs for teens
  - Could Miniature golf come back?
  - Need to provide more activities for teens to participate in
- No joint use partnerships with schools
- Used to have 10K / 5K races previously and would like to see more of them
- Service clubs could help put more money back into the City
- Need more cultural activity in the community
  - Could we have a permanent venue for these kinds of events?
- Would love to see new programs / trends for seniors in town
- Lots of seniors would love to continue their education and would love to see more higher education programs
- Sheriff's office wanted to do a 10K to raise funding for an officer – (S.C.A.L.E. – nonprofit fundraiser for sheriff's office) – involve them more to get some support from them as well
- Potential to leverage our natural resources
- Learn to Swim programs for Hispanic / Latino kids – drive more opportunities for scholarships for Hispanic Kids to avail of as well
- **Could evaluate being members of the National Association of Park Foundations (NAPF)**
- Currently a member of the California Association of Board Members and Commissioners
- Need to look at new revenue sources since the population is capped out for the most part
- Foundations can work together to target groups overall
  - E.g. Friends of San Clemente assist the Beaches, Parks and Rec. Commission specifically

### Top Priority

- Outdoor concert facility
- Sustainable program / funding for sand on the beach – Jim (John from previous meetings too)
- Offerings for the growing older population

9.00 am

Tim Shaw (LA school in Ball State; worked for Indy Parks and Don Colvin)

### Attendees

- Pam
- Claire
- Neelay

### Strengths

- Good network of parks and variety of parks (sports parks, neighborhood parks etc.)
- Maintenance is good but can be improved
- Don't hear of security or safety issues
- City staff does a good job and have a sense of pride and ownership
- Love the programming options – summer camp, Fun On The Run (taking recreation to communities is a great idea);
- Beach Trail is a great asset

### Opportunities

- Interconnectivity of parks is lacking
- Mira Costa Park is relatively unknown and not as well used
- Would love to have an interconnected trail system in the City to allow people to go from one park to the other
- Could look at some pockets of open space around Town and through a trail system that allows people to get into the wilderness through the trails
  - Provide access and educate people to build advocacy
- Continue to establish better Design standards for amenities in the parks and throughout the system
  - E.g. Pick a nice bike rack and use that as a standard (bike racks at the Beach Club are a good example)
  - Planning standards increase restroom costs significantly due to specific requirements (e.g. light / white colored bathrooms which are visually appealing but harder to maintain and keep clean)
- Lawn bowling facility / area could be evaluated for repositioning
- Keep hearing about Pickleball and will likely be added as well
- BMX / Bike Park
- Sand replenishment is a huge issue at the beach and needs to be looked into

### Top Priority

- Ensure great equity of access for San Clemente's parks / greenspace offerings
  - Use Equity Maps to show gaps / overlaps in the area

4.00 pm

Councilmember Lori Donchak, Councilmember Tim Brown

### Attendees

- Pam
- Claire (multi-benefit parks; parks designed 6 yrs. ago had single uses or games; now, more wilderness or community gardens / pollinator gardens, storm water management etc.)
- Neelay

### Strengths

- Community members
- Parks match the community in which they are built in – certain sentimentality attached with their local parks
- Well maintained parks and well-used by the community
- Very safe parks
- Connectivity of the trail is very popular and well used (Beach Trails continuing on to the Marblehead Trails etc.)
- We are a quality of life community (After Public Safety -> Recreation is high on the budget spending)
- Very good at maintaining pocket parks
- Have two good dog parks / well used and currently importantly
- General Plan implemented a Bike / PED master plan
  - **Would like to have some acknowledgement of the Bike Lanes / Bike / PED Master Plan work done up to this point**
- Equity of distribution (would like credit / cross promote for having a park system not just separate parks)
  - E.g. Anchorage / Seattle

### Opportunities

- Financial sustainable is key (Newport Beach has good financial analysis that must be considered)
- Need to focus on maintaining what is needed versus building new
- Have a reserve fund but need more focus on it
- Bocce Ball Phenomenon (help make us fair and equitable to the entire community) where the cost / user is so much higher for the users compared to an amenity like the beach which is used by \$2M people
- **Lawn Bowling** – (heavily used due to location in Southwest but Lawn Bowling is significantly underused) – **ask that in the survey question**
- **GAGA Ball – Utah**
- **Leave room for new programs / trends that may emerge over time**
  - **Flexible recreation spaces**
- Ask about Skate parks in the community – maintenance and security issues tied to them
- Challenging play equipment (beyond ages 5)

- Look at existing park system to see how it can be more efficiently utilized and planned without buying additional property
  - Economize existing park system to see how best they can be used
- Give people ability to share feedback - Signs that let people report maintenance / security issues – **Follow up on HAPPi FEET**
- **Multiage play structures would be great 2-5 / 5-12 years old**

### **Top Priority**

- How do we ensure we are financially sustainable? Long term financial plan
  - We are good at building things but not so much as maintaining them
- New funding sources – show outcomes of what happens if the plan is not fully funded
  - Show funding requirements

3.00 pm

**Mayor Pro Tem Kathy Ward (fiscally conservative, unsure about spending more money)**

### Attendees

- Pam
- Claire (multi-benefit parks; parks designed 6 yrs. ago had single uses or games; now, more wilderness or community gardens / pollinator gardens, storm water management etc.)
- Neelay

### Strengths

- Beach trails
- Exercise programs for seniors
- People with kids love the parks and use them heavily
- Vista Hermosa Sports Park is a great asset and very well used
- Offer a variety of offerings for different interests and age groups  
(Lot of users from San Juan, Dana Point, Forest Park etc. come to the pool and facilities as well)

### Opportunities

- Differential pricing opportunity (Vista Hermosa could be higher for prime time similar to Alga Norte)
  - **Could recommend a Pricing Study as a part of the Master Plan implementation**
- Beach Club closing is an opportunity
- Empty fields at Vista Hermosa Sports Park could have a variety of uses (rugby fields in Aspen were very popular)
- Could be more multi-modal like Colorado
- Reintroduce Senior Programs at Beach Club
- Only place to truly connect City is through El Camino Real (bike lane on that street would truly make San Clemente a Beach City)
- More fitness equipment along various trails; currently some equipment on the beach trail or by Linda Lane Park
- Enhancing walkability would be very helpful
- Quit maintaining stuff that isn't used
- Beach concessions building in danger of flooding all the time
  - Could evaluate the opportunity for healthy food trucks instead of the snack bar
- Protect the sand as much as possible -> don't need to have perfect sand in winter
  - Jetty hasn't come up in a while but what other things could be done to protect the harbor
  - Could bring in sand but it would be very expensive and no reimbursement from the State (get \$2M visitors annually to the beach)

### Top Priority

- Figure out what is available and what is necessary / needs to be added or go by the wayside

1.15 pm

**Commissioner Richard (Rick) Ayer (Independent Businessperson 38 yr stint in SC swim laps in the pool)**  
**Commissioner Nick Gates (City of Lake Forest – Sr. Rec. Supervisor)**

### **Attendees**

- Pam
- Claire
- Neelay

### **Strengths**

- Beaches are one of the greatest strengths of our City; beach trails are fabulous.
- Beautiful and well-maintained parks
- Focus on adaptive elements in the park
- Vista Hermosa Sports Park and pool setup is done very nicely
- Love the interactive trails around the beach areas too
- Wide array of amenities for most people
- Mix of facilities in town is well liked and appeal to active adults and physically challenged people
- Offerings are spread fairly widely throughout the City

### **Opportunities**

- Need more places for seniors to use in the community
- Bike trails are underutilized
- People often don't know about many offerings and need more information / familiarity
- Effective utilization of spaces for events / programs etc.
- Interactivity of the Beach Trails with the Mountain Trails is critical
- Expand Beach Trails
- Don't have a lot of dog-friendly places in the City
- Memorial Park needs to be updated
- Bring Skateboard Park up to speed (Carlsbad just built a brand new one) or combine with BMX / Bike Park
  - Was one of the oldest parks but is now dated and aging
- Max Mueller Park needs to be enhanced
- Playground lighting / safety lighting would be very helpful
- Pickleball Courts (building more in Lake Forest as well)
- Create a historic sense of arrival at The Pier as well
- More benches along the beach trail
- Like the Event Space design shown as well – sample from MLA board
- More Fire pits at the beach (spread at 50 ft for each one)
- Frisbee Golf opportunities

- Changing name of Senior Center to Active Adult / Community Center / Activity Center would help
  - Nick's wife's grandma is 86 but won't go to Senior Center since there are old people there

### **Top Priority**

- Enhance Skatepark / add Bike Park – enhance that entire area
  - We are a surf and skate town and need to celebrate and highlight that
- Enhance Beach trail by expanding it, broaden its use, widen it to make it more user friendly to get higher utilization

11.15 am

**Commissioner John Dory (Incoming President of Foundation) and John Bandaruk (Former teacher at San Clemente High School; coached swim team at High School)**

### Attendees

- Pam
- Claire
- Neelay

### Strengths

- Pool system – Ole Hansen pool opening will also help a lot; heavy utilization and people really appreciate that.
- Facilities are world class – Sports Park is a great asset
- Trail system along the beach is very well used and appreciated
- San Clemente Beach Trail – Bluffs are beautiful
- The Beach / Pier puts us on the map; it drives our economy and people love surfing and it is a source of pride for the community
  - Pier is another focal point in the community and used for recreational uses e.g. fishing etc.
- Hermosa / Jim Johnson fields – soccer fields are wonderful additions and the community loves it
- Special Events / programs / beach concerts / Ocean fest etc. are very big draws and well-loved too and the Department does a great job with that
- Community support is huge – the Town has relied heavily on individual donations successfully

### Opportunities

- Get some sand on the beach – any way possible
  - E.g. Newport did that successfully
  - Currently looking at getting some beach sand from Huntington Beach to San Clemente but it's a temporary fix and would need some ongoing help
- **Need to ask Sand fix and payment question for the survey? How far are they willing to go to pay for this – monthly / yearly household payments?**
- Trail system needs to be upgraded and maintained well
- Fitness Trails / Fitness Zones on trails would be helpful (e.g. at Marble Head Park)
  - Might be challenging on the beach trail but maybe along Linda Lane park so it's off the trail but close enough
- Bike lanes would be helpful but streets are so narrow that it's a challenge
- Keep tweaking events and adding to it

- Continue to offer more things for people to do
  - First focus on our community then promote to outsiders
- Fix existing offerings and equipment on a rotation basis in the parks to ensure adequate replacement cycles
- Would like to consider more drought resistant turf or limit lawn space for unused areas
- Need more money – funding and revenue strategies are important
  - Just spent \$4M on Ole Hanson which is significantly over budget and can't afford to keep it open on Fri-Sun currently
- More free play time for kids but have to create operational dollars to sustain operations
- Be more financially sustainable
  - Could there be a specific sand tax (from tourist – TIF District in the downtown for Sand Tax?)
  - The malls will take some time to generate taxes for the community and help generate revenue for the users
- City sold Target Land and designate dollars towards operating the Sports Park
- Create ways to help generate income for us

#### **Top Priority**

- Get more sand – beach community is built around that
- Sustainable plan for sand on the beach and keep it coming
  - Ensure that the community can pay for it

## Mayor Bob Baker, Councilmember Chris Hamm

Mayor Bob Baker – Golfer; Hear about raising fees but wants to support municipal golf course (keep the fees where they are) -

Pam

Claire

Neelay

### Strengths

- Park requirements in all new developments have given opportunities to maximize development
- More parkway incorporation in new communities is a great thing – need to expand (very serene feeling) - area between street and sidewalks
- Sports park is a great asset
- Volunteer spirit and community support is a huge strength
- Beach Concerts are terrific

### Opportunities

- Public fundraising part is very difficult
- Little league baseball field just burnt down –Little League fundraising
- Not requiring new fields to be turf / should we evaluate new turf fields?
- Can't get on a tennis court at certain times / golf tee times are harder for certain age groups
- Skatepark community would love more skating amenities / multi-modal transportation uses
- More parkways / connectivity through trails for old versus new part of town
- Vacant Lot at Vista Hermosa has a lot of events and could be expanded to have year round events/ make it a more accessible opportunity
- Sports Park Master Plan – had a community center and gym planned but currently seems low priority
- Increasing Golf Square footage – pie in the sky idea
- Community Gardens didn't get a lot of traction but would be interesting to explore in San Clemente (maybe Sports Park?) / Community Gardens in Paris (educational / social health advantages)
- BMX pump track / mountain biking facilities in partnership with the community would be great
- Bathroom vandalism is an issue
- More restroom facilities closer to South End of city beaches / more amenities (fire pits and palapas) for resident beaches

- **Does the community need more sand? Is sand replenishment a question that needs to be validated through the Survey process? (Erosion control – indicate some level of support for / against based on providing detailed cost and also ramifications)**
  - Mayor went to Virginia Beach and liked what they did with growing their beaches
  - San Clemente has a surf spots that might be damaged with sand replenishment
  - Claire’s question focused on erosion by the beach with respect to sand
- **Black ball / T-Street Question in survey**
- Wilderness Park similar to the ocean view park
  - If we had access to the State Park in the future, that would be great for a Wilderness Park

### **Top Priority**

- Understand what the community wants (community events space / Meadow Space)
  - Beach Concerts are terrific
- Find out community priorities and desires for the future

Access to the public pool @ Ole Hansen for families & the community. Pool needs to be open at times people can use it - esp. on WEEKENDS & evenings. Free swim lessons for the community should be available to reduced drawing. →

Also, minor upgrades like starting blocks at the Vista Hermon pool so they can host Junior Olympic events . . . another possible revenue source.

Please open Old Hanson Public Pool to the community. It is a horrible disservice to the community to close a facility that the taxpayers invested so much money to improve! Consider a balanced budget & other possible combos of volunteer hours (w/ certified personnel) and additional revenue sources.

Thank you

## San Clemente Skatepark Coalition looks toward future plans

PHOTOS AND TEXT BY ERIC HEINZ, SAN CLEMENTE TIMES

Each year, the Ralphs Skate Court becomes the site of a premier skateboard competition, the SC Open Skate Contest, where skaters of all ages—from 5-year-old beginners to seasoned veterans—come to show their best skills.

But outside of competitions, there sometimes isn't enough room in the park to accommodate all the skaters who want to use it. And without overhead lighting, the children who frequent the park have to leave when the sun sets.

Since March, the San Clemente Skatepark Coalition (SCSC) has been trying to raise awareness of its cause to make the current skate park about four times its current size and add lighting.

Stephanie Aguilar, the spokesperson for SCSC, said the group is working on different avenues to raise funds for the improvement. Current funding sources, which include selling T-shirts and hats, are emblematic of the effort's grassroots beginnings. More plans to raise funds will be solidified in the near future, and the ultimate goal is to become a nonprofit, for which the organization has submitted approval with the state of California and IRS, Aguilar said.

"We're still establishing our goals," Aguilar said. "I think that to do a really good skate park, we probably need to raise \$1 million."

The city is currently reworking its Beaches, Parks and Recreation master plan, and SCSC is trying to make a case to

be a high priority in the plan.

"We're kind of waiting to see how that all goes," she said. "If we're able to raise a bunch of money, I don't know if we'll have to fit into the master plan. That remains to be seen."

Part of the city's General Plan includes a series of requirements for adequate parking, so the SCSC is also planning to put in a supplemental parking lot. There's already a lot to the east of the skate park.

"We're looking at the existing skate park and want to add in a parking lot," Aguilar said. "We're not really sure if the city is going to require it, but we wanted to put it in just in case. It's better to have additional skate features than to have to take some away."

The average number of visitors to the skate park is being collected by the coalition to be added to a future application, Aguilar said.

"We've had such an outpouring of support from the community," Aguilar said. "I think the City Council is seeing there are a lot of people (interested), and that this is a big thing. Once we get the numbers, we'll be able to show the need for this." **SC**

and count skateboarding among the 48-acre facility's multiple attractions. "One family member is playing a soccer game," he said. "Another brother can skate, and someone else can swim and kind of bring skating into the center of our community which we really feel it is."

Hennings, a teacher and surf coach at Shorecliffs Middle School, and father of three, is a member of the San Clemente Skatepark Coalition, a group that organized recently to partner with the city to pursue three goals:

- Add lights to San Clemente's only skatepark.
- Expand it by adding bowls or other skate features to a vacant lot next to the skate court.
- Identify a site, raise funds and build a second

### LOOKING TO OTHER CITIES

On a road trip up the California coast, skatepark coalition organizer Stephanie Aguilar and family visited every skatepark they could find, trying them and gathering ideas. Andrew Steelman, who campaigned to get the Ralphs Skate Court built, is likewise monitoring other cities.

"While the city of San Clemente has done a fantastic job of providing 25 multi-use fields for organized team sports, there are far less options for those who participate in activities such as skateboarding," he said.

"Oceanside now has five public skateparks," he said. "Huntington Beach has opened an incredible 40,000-square-foot public skatepark. "Carlsbad recently completed a second public skatepark in a large sporting complex very similar to San Clemente's Vista Hermosa Park. Vista is currently constructing not only one, but two skateparks simultaneously."

Please provide more recreation programs to the growing population of special needs children and adults. Nearly zero presently exist. Let's not leave this important segment of our citizen base behind. They are incredible people. Let's embrace them with recreation programs.

Arlen Flores

San Luis Rey Park really needs an upgrade in the playground I've lived in South Side all my life 32 years and I believe it was only renovated once in my lifetime. We need basketball courts at least one would be awesome, and lighting. My kids are very active in sports and when there is no light out in the park we usually go to the tennis courts to practice soccer dribbles or basketball and we have gotten kicked out by city monitors even when the courts aren't being used. I had a portable basketball court outside my condo on del Comercio and was told by the city I was going to get cited if not moved. I live next to a red curve so it was never in anyone's way. All the neighborhood kids used it, but had to get rid of it since there was no room to place it anywhere. That lawn bowling place is a waste of property. People usually take their dog in there or play with their little ones there since it's fenced up. I have never seen it being used for its purpose. I feel that south side had been abandoned for some time now. I lost count on how many times Max Berg Park gets renovated constantly. This was my park growing up, know it's my children's park and hopefully some day they bring their kids here too it's a beautiful residential park that needs that spark again for kids to get excited to go and play outdoors!

Devon Azzam

Please consider increasing recreation swim hours at the Ole Hanson Pool. What's the point of having a community pool when there is hardly any time to swim? Daily recreation swim in the afternoon hours would greatly benefit the kids in our community.

Dan V

Hi, Please convert the vacant lot at the VHSP into a rugby field! Rugby is growing and is strong in San Clemente. However, it's currently the only field sport in the city without a true field! Please help.

Jim Nielsen

Desperately need something in town for our kids to do. Suggest reactivating the wave pool/miniature golf facility that has already been approved by the City.

James Prather

I am an SC resident, I frequently use the Vista Hermosa soccer fields for both Soccer and Rugby for my son. It has come to my attention that the City might complete the final upper field at Vista Hermosa Sports Park. I would like to request that if possible, this field be built in a way that rugby could be played on that pitch. Rugby is one of the fastest sports growing in this country. Our city has a wonderful youth Rugby Club and having a dedicated

home pitch would be wonderful. This accommodation could easily take place with minimal additional effort. Thanks for listening.

Steve Hennings

Just wanted to say thank you for hosting such a great meeting the other night at the community center. We appreciate the time you took to listen to our hopes and plans for a new, safe, updated skatepark. Thank you, Steve

Lisa

Hi there! Our vote is for Rugby fields at the Vista Hermosa filed and the New field by the Outlets also!! Rugby is the fastest growing sport in America. My 3 boys play, as well as countless others. Thank you for your consideration!! The Malone Family

James Letchford

I wasn't able to attend last week's planning meeting, but I do have some input: Please develop the vacant lot at Vista Hermosa. The San Clemente Youth Rugby Club could and would use it to its fullest capacity.

Peter Burberry

Hello ... as part of the masterplan, it would be great to see provision made for a permanent rugby pitch in San Clemente. This is the fastest growing team sport in the USA today, and both the Tritons high school and Gators youth teams are growing at an accelerated rate. The rise of this sport locally should be recognized by the City. Additionally, the kids who go through this program learn a great degree about themselves, respect, control and discipline. Thanks Peter

Craig Hartley

Please consider developing vacant field at Vista Hermosa Sports Park with Rugby usage in mind. Thank you!

Kcparrish

Rugby is the fastest growing sport in the US and there is a very large and growing community of Rugby players right here in San Clemente. The vacant lot at Vista Hermosa should developed into a field that supports this growing sport! Rugby games and tournaments brings hundreds of visitors to our town who visit our restaurants and shops. San Clemente should support this sport!

Shelby Bruneniek

Please allow this field to be dedicated to Rugby players.

Vonne Barnes

Skate park users have requested that lighting be provided for extended hours of park use. Please include policy to install solar panels to supply electrical energy for lighting in parks and trails.

It's time for a rugby field at the sports park! As the fastest growing youth sport in the USA and the oldest one played here too it would spearheading for our community to have this field co-located next to the soccer fields. Think about the all the tournaments that could be played there bringing a net cash

flow to off-set the millions of dollars that is needed to get the city out of dept. Working hand in hand with the rugby organizations our city could truly benefit not only for our children but monetarily to. Thank you for your time.  
Sincerely, Russ, Vanessa, Malaika and RJ Donaldson
