# Homeless Protocols

- Being Homeless is NOT a crime. That's the law.
- <https://cms.ocgov.com/civicax/filebank/blobdload.aspx?BlobID=85390>
- **Martin v. City of Boise** (9th Cir. 2018) 902 F.3d 1031
- Martin v. City of Boise and the Eighth Amendment bars enforcement of a statute or ordinance prohibiting persons from sitting, sleeping or lying on sidewalks or in other public places whenever a shelter bed is unavailable.
- The OCSD has a primary focus on outreach and **will not enforce any law criminalizing a homeless subject for illegal camping or loitering in public when they have no other option.** This does not forbid the OCSD from enforcing non-status violations and enforcement of laws on private property.
- Remember these types of crimes are misdemeanors and shall be an in-field cite and release unless the arresting deputy can articulate one or more of the exceptions pursuant to CPC 853.6, subdivision (1), that allow a physical arrest for a misdemeanor.
