Instructions:

Step 1: Paint tree branches on your blue cardstock. Allow the brown paint to dry.

Step 2: Cut six pieces of pink crepe paper about 18-24 inches in length. Turn your cherry blossom craft face down. Use a glue stick to add glue at the bottom of the paper and place all six pieces of crepe paper along the bottom of your blue cardstock.

Step 3: Cut out several dozen squares from your pink crepe paper. Scrunch up one of the tissue paper squares to make a cherry blossom. Add a dot of glue stick on one of the cherry tree branches and place the pink cherry blossom onto it.

Step 4: Continue scrunching up crepe paper squares and gluing them all over the cherry tree branches until it is full of cherry blossoms.

Step 5: Bend your cherry blossom craft into a circle and connecting the ends together. Place two staples at the top and bottom of the windsock to join the ends together.

Step 6: Cut a length of pink cardstock 1-inch by 8 1/2-inches. Add a generous amount of extra strength glue stick on one end of the paper strip and attach it inside the top of the windsock. Add glue on the opposite end of the paper strip and attach it to the opposite end of the windsock to create your handle.
