Fold & Cut the Paper

Step 1: Fold your 8.5" x 11" paper in half, cut off one inch strips in various colors. Use your ruler to measure before you cut.

Fold to make the Hearts

Step 2: Fold the two open ends in to make a heart and use your mini stapler to staple shut. Repeat to make as many hearts as you'd like.

Line Hearts in a Circle Shape

Step 3: Line your hearts up in a circle and start stapling them to each other on the back side so the staple does not show in the front.

Add a Ribbon Handle

Step 4: Staple a piece of ribbon on two hearts across from each other as shown. All finished!
