

# Theme Week: *Wild Watermelon*

## ***Watermelon Slime***

### **Ingredients:**

**Shaving cream**  
**Food coloring**  
**Contact solution**  
**1 bottle of white school glue**  
**Green paper plate**  
**Black Beans (for watermelon seeds)**

### **Instructions:**

- 1. Pour glue into the container to cover the bottom. Add a squirt of shaving cream and stir together.**
- 2. Add a couple drops of food coloring and stir until there aren't any white streaks.**
- 3. Add more shaving cream (about 2-3 cups) and mix together.**
- 4. Add contact solution about a tablespoon at a time and mix together. Keep adding contact solution and mixing until the slime begins to form a ball and pulls away from the sides of the container.**
- 5. Put the slime on a flat surface (Tip: Use a tablecloth or a tray to keep any mess contained) and roll it with your hands. If it's too sticky, add more contact solution and knead it into the slime until it doesn't stick to your hands.**
- 6. Play with your watermelon slime!**
- 7. To make the watermelon slices, cut a green paper plate in half and put half of the slime mixture on each plate.**

**Beaches Parks and Recreation Division**

**San Clemente Community Center - 100 N Calle Seville - (949)361-8264**  
**San Clemente Aquatic Center - 987 Avenida Vista Hermosa - (949)429-8797**  
**Ole Hanson Beach Club - 105 Avenida Pico - (949)431-2959**
