

# TICKET ROLL BOWL

## Supplies:

- A roll of tickets
- A sheet of cork-
- Mod Podge {the hard coat works the best}-
- ★ Crystal clear acrylic spray-
- A sponge brush-
- Scissors

## Directions:

First you need to trace the circle from the roll onto the sheet of cork.

Next, cut out the circle. It is best to cut a little outside and trim as needed.

Then, pop that little sucker in the center of the roll

Now you will need to shape your bowl. Make sure as you push from the center and up to create the bowl that the roll of tickets is right side up.

Once you have your bowl shaped up, you can check if it is level at this point. I usually eye ball it.

Then it is on to 2 coats of Mod Podging. I giving at least an hour in between coats to dry. Make sure to get into all the cracks and the cork good.

Once dry, take it outside to spray with the acrylic spray, in a WELL ventilated area. I usually do a good two coatings, this dries fast.

Ready to fill with snacks!

If you're giving this as a gift, be sure to tell them to just clean with a damp cloth!
