

Theme Week: PIRATES

Pirate Crafts

Egg Carton Treasure Chest

Materials:

Empty 6 pack egg carton

Paint: brown and gold

Glue

Glitter and jewels

Instructions:

1. Paint empty egg carton inside and out with brown paint.
2. Paint on gold details and glue on jewels/glitter.
3. Fill with treasure!

Pirate Spyglass

Materials:

Paper Cup

Paper towel roll

Blue food coloring

Small see-through cylindrical container with a lid that is a little bigger than opening in the paper towel roll

Acrylic paints or paint marker pens

Glue gun

Tape

Stuff to decorate the outside of the telescope (black and gold paint)

Instructions:

1. Fill your plastic container 1/4 with water and add 1 drop of blue food coloring. Seal it shut with a glue gun and or tape so it doesn't leak.
2. On the outside of the container, use acrylic paint or markers to draw a scene.
3. Now place the paper towel roll on the bottom of the cup and trace around the roll and cut that circle out so the roll can fit through the cup.
4. Once the roll is inserted into the cup, glue gun the small container onto the end of the paper towel roll that is inside the cup. The container will now be inside the cup, and it will hold the paper towel roll together with the cut.
5. Decorate the outside of the telescope.
