

# HOW TO BUILD A CAMPFIRE

supplies: CD Paint Small Rocks Craft Glue Orange and Yellow Tissue Paper  
Electric Tea Light Candle Paint brush & scissors

## Directions:

Paint the CD and allow to dry.

Arrange the rocks around the edge of the CD. Once you like the placement, glue them in place using craft glue & let dry.

Cut two squares from each color of tissue paper. You will want your squares to measure about 5-inches across. Set your tissue paper on your work surface, alternating colors and offsetting the corners. Put a small dab of glue in the center of each piece of tissue paper before you stack the other on top of it. Do not put a dab of glue on the top piece. You do not want to glue the candle to the tissue paper because you will need to remove it to turn it off and on. Set the tea light candle on the center of the tissue paper.

Carefully pick up the tissue paper and tea light candle. Gather the tissue paper up around the candle. Pinch the tissue paper around the candle as much as necessary to shape it. Squirt some glue in the center of the CD and set the tissue paper on the glue. Let the glue dry and your miniature campfire is ready to use.

## REWARD: \$1,000.00
