

# TASTY TREATS

## DONUT SPIDERS

**Ingredients:** Mini Chocolate donuts; Pretzels; Candy eyes; Chocolate frosting; Chocolate sprinkles

**Directions:** Break the pretzels to make legs of the spider then insert the pretzels into the donuts.

Put a dollop of frosting on the center of the donut and add sprinkles to it.

Put a dot of frosting on the front of the donut for each eye then add the candy eyes.

## PUMPKIN PATCH DIRT CUPS

**Ingredients:** Package of Instant Chocolate Pudding; 2 Packages of Oreos; Pumpkin Candies; Green Sour Punch Straws; Clear Plastic Cups

Prepare the instant pudding according to the package instructions and pulverize the Oreos in a food processor.

Layer the Oreos and pudding in a clear plastic cup.

Put a pumpkin vine in the center (a Sour Straw cut in half) and then three pumpkin candies. If this were a true pumpkin patch, the vine would actually be attached to the stem of the pumpkin. But this is way easier.

## STRAWBERRY GHOSTS

**Ingredients:** Strawberries; White Chocolate melting chocolates; Mini Chocolate Chips

Clean your strawberries and allow them to dry.

Melt your white chocolate (in the microwave or on the stove).

Dip the strawberries into the chocolate to fully coat them.

Use your mini chocolate chips for the eyes and upside down for the mouth.

Allow them to dry (you can put them in the refrigerator to speed it up).
