

PAPER PLATE TURKEY WREATH

SUPPLIES:

PLATE; BROWN PAINT PAINTBRUSH; CONSTRUCTION PAPER; GOOGLY EYES; RED WATER BALLOON; SCISSORS; GLUE; STAPLER

*Start by cutting out the center circle of your paper plate. Paint the bottom rim of the plate with your brown paint. set it aside to dry completely.

*While your paint is drying, cut out a circle from brown construction paper for your turkey head and an orange beak. Then several strips of colored construction paper for turkey feathers.

*Glue (or staple) your turkey face onto the bottom of your paper plate. Glue your googly eyes, red water balloon and beak onto your turkey face.

*Finish your paper plate Thanksgiving turkey wreath by folding the paper feather strips around the top of the paper plate and staple them in place.
