Jim Pechous, City Planner, narrated a PowerPoint Presentation entitled, "Local Coastal Program, Planning Commission Study Session, dated April 2, 2014." He recapped the existing process; described how the new program would operate; displayed maps showing areas the City would assume responsibility for and reviewed areas that would remain under California Coastal Committee (CCC) responsibility; discussed duties and responsibilities of the Local Coastal Program (LCP) team; indicated boundaries under consideration for elimination of lots based on distance from coastal canyon edges; reviewed the scheduled timeline of tasks. He advised staff will work closely with CCC staff to ensure the City is on the right path; speculated of particular interest to the community will be subdivision regulations within the Coastal Zone.
