P3a. Description:

The property contains a one-story single family residence with an irregular plan and wood-frame construction. Designed in the Spanish Colonial Revival style, it has a low-pitch side-gable roof with clay tiles and exposed rafter tails. The exterior walls are clad with original smooth stucco. The residence is asymmetrically aligned. The fenestration consists of original wood double-hung windows throughout the residence. Spanish Colonial Revival features of the residence include exposed rafter tails and a multi-hued brick chimney centered on the east elevation. A covered porch on the primary (west) elevation projects from the main mass and includes wood porch supports. The porch is covered by a shed roof with clay tiles extending from the side-gable roof. The garage has non-original doors. It appears that the garage attachment may be a non-original attachment to the residence. The garage features a flat roof with a parapet. The residence is in good condition. Its integrity is good.
