## OVERHEAD UTILITIES REVIEW & COORDINATION

The proposed project located at \_\_\_\_\_ in the City of San Clemente has been identified as being in an area of the City that contains overhead utilities. These overhead utilities may include Electrical Power Lines, Cox Cable, and Telephone Lines. Your proposed project may require the relocation of existing overhead utilities if deemed necessary by utility companies.

Prior to the City of San Clemente issuing permits for the construction work you propose, you will need to submit documentation indicating that approvals from utility company representatives have been obtained. Contact the following agencies listed below:

### **Electric – San Diego Gas & Electric (SDG&E)**
