Honorable Mayor, City Council and Investment Advisory Committee:

Introduction

Attached please find the City's investment report for the quarter ending September 30, 2019. This report conforms to the requirements of the investment policy approved by the San Clemente City Council effective on December 18, 2018. The next quarterly meeting of the Investment Advisory Committee will be held at 5:30 p.m. on October 28, 2019 (Monday) at City Hall (Oceanview Conference Room). The Investment Advisory Committee will meet again at City Hall, Oceanview Conference Room on the following dates:

- January 27, 2020
- April 27, 2020
- July 27,2020

Please feel free to call me at 361-8341 (e-mail Taylorm@San-Clemente.org) if you have any questions, comments or suggestions concerning this report.

Respectfully submitted,

Mark Taylor, CFP City Treasurer

City of San Clemente

Section 1 | Economic Update

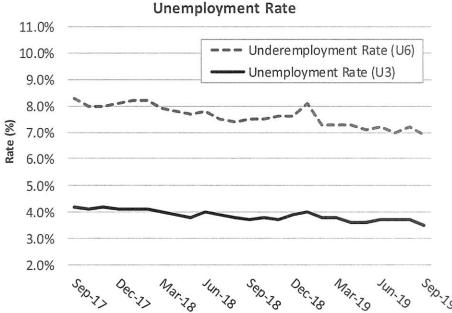

Economic Update

- Labor market and consumer fundamentals remain favorable, but manufacturing data continue to disappoint. We believe economic growth has slowed from earlier this year and downside risks to the outlook remain elevated. The US economy continues to face headwinds from trade disputes, slowing global economic growth, and an uncertain outlook for Brexit. However, we believe accommodative US monetary policy and a collective dovish stance by all of the major global central banks should help to combat headwinds. We also believe the Trump administration faces significant political pressure to make progress toward a trade agreement with China as we head into an election year.
- The Federal Open Market Committee (FOMC) lowered the target fed funds rate by 25 basis points in September (for the second time this year) to a range of 1.75%-2.00%. There were three dissenting votes; one policymaker favored a 50-basis point rate cut, and two policymakers favored leaving the fed funds rate unchanged. According to the Fed's dot plot, only seven out of 17 policymakers are anticipating another rate cut before year-end. Although there is a growing disparity among policymakers about the appropriate path of monetary policy, Fed Chair Powell's press conference suggested the Fed will be flexible and data dependent. Powell indicated more rate cuts may be appropriate if the economy slows further, but the Fed is not on a preset course. We continue to believe the Federal Reserve is likely to cut the fed funds target rate again before year-end, in the absence of a trade resolution or meaningful improvement in market-based measures of inflation. The next Federal Open Market Committee (FOMC) meeting is scheduled for October 29-30.
- The Treasury yield curve steepened modestly in September, although the curve remains partially inverted. The 3-month T-bill yield declined nearly 17 basis points to 1.81%, the 2-year Treasury yield increased nearly twelve basis points to 1.62%, and the 10-year Treasury yield increased about 17 basis points to 1.67%. An inversion of the yield curve in which the 10-year Treasury yield is lower than the 3-month T-bill yield is generally viewed as a powerful predictive signal of an upcoming recession. However, we believe increased short-term Treasury issuance to fund the deficit, and negative sovereign bond yields in other countries may be distorting the US Treasury yield curve. German sovereign bond yields (from 1-month out to 30-years) remained negative at September month-end.

Employment

U.S. nonfarm payrolls rose by 136,000 in September, slightly below expectations of 145,000. However, August payrolls were revised higher by 38,000. On a trailing 3-month and 6-month average basis, payrolls increased an average of about 157,000 and 154,000 per month, respectively. The unemployment rate declined to 3.5% (the lowest rate since December 1969) from 3.7% in August, and the participation rate held steady at 63.2%. A broader measure of unemployment called the U-6, which includes those who are marginally attached to the labor force and employed part time for economic reasons, dropped to 6.9% in September from 7.2% in August. Wages were flat in September, missing expectations for a 0.3% increase, and the average workweek was unchanged. On a year-over-year basis, wages were up 2.9% in September, versus up 3.2% in August.

Inflation

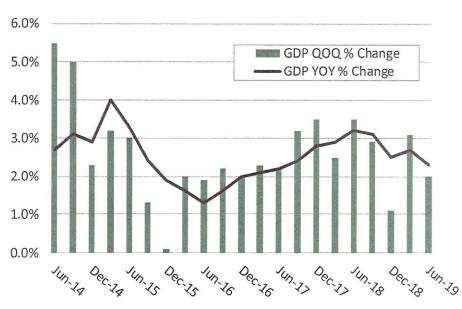

The Consumer Price Index (CPI) was up 1.7% year-over-year in August, versus up 1.8% year-over-year in July. Core CPI (CPI less food and energy) was up 2.4% year-over-year in August, versus up 2.2% year-over-year in July. The Personal Consumption Expenditures (PCE) index was up 1.4% year-over-year in August, unchanged from July. Core PCE, which is the Fed's primary inflation gauge, was up 1.8% year-over-year in August versus 1.7% year-over-year in July. Core PCE remains below the Fed's 2.0% inflation target.

Second quarter GDP grew at an annualized rate of 2.0% following growth of 3.1% in the first quarter. Although the overall pace of GDP growth slowed in the second quarter (as expected), personal consumption expenditures accelerated and were up 4.6% in Q2, following sluggish growth of just 1.1% in Q1. Personal consumption expenditures contributed 3.00 percentage points to Q2 GDP, federal government spending contributed 0.53 percentage points, and state & local government spending contributed 0.29 percentage points. Meanwhile, gross private domestic investment and net exports were a drag on Q2 GDP growth. The consensus forecast calls for GDP growth of 1.9% in the third quarter and 1.7% in the fourth quarter, for full year growth of about 2.0-2.5% versus 2.9% growth in 2018.

Objectives

Investment Objectives

The investment objectives of the City of San Clemente are first, to provide safety of principal to ensure the preservation of capital in the overall portfolio; second, to provide sufficient liquidity to meet all operating requirements; and third, to earn a commensurate rate of return consistent with the constraints imposed by the safety and liquidity objectives.

Chandler Asset Management Performance Objective

The performance objective for the portfolio is to earn a total rate of return over a market cycle that equals or exceeds the market index — the ICE BAML Index of 1-3 Year US Treasury and Agency Index.

Strategy

In order to achieve this objective, the portfolio invests in high-quality securities that comply with the investment policy and all regulations governing the funds.

Information contained herein is confidential. Prices are provided by IDC, an independent pricing source. In the event IDC does not provide a price or if the price provided is not reflective of fair market value, Chandler will obtain pricing from an alternative approved third party pricing source in accordance with our written valuation policy and procedures. Our valuation procedures are also disclosed in Item 5 of our Form ADV Part 2A.

Performance results are presented gross-of-advisory fees and represent the client's Total Return. The deduction of advisory fees lowers performance results. These results include the reinvestment of dividends and other earnings. Past performance may not be indicative of future results. Therefore, clients should not assume that future performance of any specific investment or investment strategy will be profitable or equal to past performance levels. All investment strategies have the potential for profit or loss. Economic factors, market conditions or changes in investment strategies, contributions or withdrawals may materially alter the performance and results of your portfolio.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

This report is provided for informational purposes only and should not be construed as a specific investment or legal advice. The information contained herein was obtained from sources believed to be reliable as of the date of publication, but may become outdated or superseded at any time without notice. Any opinions or views expressed are based on current market conditions and are subject to change. This report may contain forecasts and forward-looking statements which are inherently limited and should not be relied upon as indicator of future results. Past performance is not indicative of future results. This report is not intended to constitute an offer, solicitation, recommendation or advice regarding any securities or investment strategy and should not be regarded by recipients as a substitute for the exercise of their own judgment.

Fixed income investments are subject to interest, credit and market risk. Interest rate risk: the value of fixed income investments will decline as interest rates rise. Credit risk: the possibility that the borrower may not be able to repay interest and principal. Low rated bonds generally have to pay higher interest rates to attract investors willing to take on greater risk. Market risk: the bond market in general could decline due to economic conditions, especially during periods of rising interest rates.

Ratings information have been provided by Moody's, S&P and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

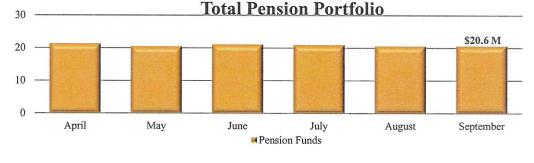

Security level ratings for U.S. Agency issued mortgage-backed securities ("MBS") reflect the issuer rating because the securities themselves are not rated. The issuing U.S. Agency guarantees the full and timely payment of both principal and interest and carries a AA+/Aaa/AAA by S&P, Moody's and Fitch respectively.

ICE BAML 1-3 Yr US Treasury/Agency Index

The ICE BAML 1-3 Year US Treasury & Agency Index tracks the performance of US dollar denominated US Treasury and nonsubordinated US agency debt issued in the US domestic market. Qualifying securities must have an investment grade rating (based on an average of Moody's, S&P and Fitch). Qualifying securities must have at least one year remaining term to final maturity, at least 18 months to maturity at time of issuance, a fixed coupon schedule and a minimum amount outstanding of \$1 billion for sovereigns and \$250 million for agencies. (Index: G1A0. Please visit www.mlindex.ml.com for more information)

Total Pension Portfolio

As of the first quarter ending September 30, 2019 the total pension portfolio amounts to \$20.6 million as compared to \$21.0 million for the fourth quarter ending June 30, 2019. The \$0.4 million decrease is due to a decline in interest rates and the overall downturn in the stock market in the first quarter of fiscal year 2020.

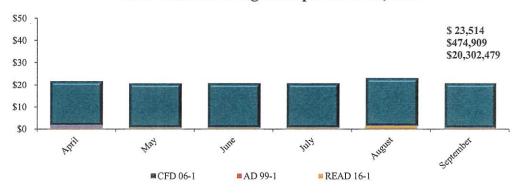

Cash with Fiscal Agent

Cash with Fiscal Agent for the City include the following (These are not direct obligations of the City of San Clemente):

- Reassessment District 16-1 (Laing Forster Ranch) to finance public improvements within the Forster Ranch development. This assessment district was reassessed in July 2016.
- Assessment 99-1 (Underground Utility Assessment District) to finance the construction and acquisition of underground electrical and communication facilities within the district. Assessment District 99-1 was paid in full on September 30, 2019.
- Marblehead Community Facilities District to finance construction of various public improvements within the district, commonly referred to as Marblehead at Sea Summit.

Summary of Monthly Activity

The net cash outflow for the month of September is \$1.8 million. The City has \$22.2 million invested in LAIF which is available to address any significant cash outflow requirements during the month.

Receipts:

Property taxes are received in December, January, April and May and are the high receipt months. Other than these months, receipts have relatively small fluctuations. September's projected receipts were \$7.1 million and actual receipts were \$8.0 million. Actual receipts were \$0.9 million more than projected due to the timing of other receipts, which is partially related to property tax pass through amounts (JRWSS) and gas tax receipts (RMRA).

Disbursements:

Cash outflow for September was \$9.8 million. The amount of disbursements vary based on the number of pay periods in a month, the number of accounts payable dates in a month and the activity submitted from other departments. September's projected disbursements were \$9.7 million, actual disbursements were \$9.8 million. Actual disbursements were \$0.1 million higher than projected due to the timing of police and fire payments, and higher purchased water, which was offset by lower capital and other charges.
