Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The 2022-2023 Annual Action Plan for the City of San Clemente satisfies federal requirements to receive Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD). The primary objective of the CDBG program is to develop viable urban communities by providing decent housing, a suitable living environment, and economic opportunities, principally for low- and moderate-income individuals.

Each activity to be undertaken with CDBG funds must meet one of the three national objectives:

- Benefit low and moderate-income persons,
- Aid in the prevention or elimination of slums and blight, or
- Meet a community need having particular urgency, such as a nationally declared disaster.

To receive CDBG funds, the City must prepare a Consolidated Plan. The Consolidated Plan is a multi-year strategic plan that identifies priority housing and community needs, and it also identifies the City's activities over five years to address priority needs. The Action Plan, a component of the Consolidated Plan, is the City's annual expenditure plan for using CDBG funds to address the needs identified in the Consolidated Plan.

To date, HUD has not announced funding allocations for FY 2022-2023; however, the City anticipates it will receive \$329,535 in 2022 CDBG funding. The City has also identified \$133,597 in prior year CDBG funds that will be available during FY 2022-2023 to fund eligible activities. Program income received during FY 2022-2023 will be available to fund housing rehabilitation activities.

The 2022-2023 Action Plan details the specific activities the City will undertake with CDBG resources to address the housing and community needs identified in the Consolidated Plan. Planned activities include housing rehabilitation and minor commercial property improvements, public infrastructure improvements, public social services grants, and program administration (including fair housing services).

2. Summarize the objectives and outcomes identified in the Plan

The five-year CDBG program objectives and outcomes identified in the 2020-2024 Consolidated Plan are summarized below. Corresponding proposed outcomes for FY 2022-23 are also provided below:

- Infrastructure and Facility Improvements: Improve public infrastructure and facilities that benefit 7,000 low- and moderate-income residents / FY 22-23 Goal: Year-3 of funding for prior year project (Av Cabrillo Sidewalk), which will benefit 1,810 individuals
- Provide housing rehabilitation assistance to 20 homeowners and 2 rental housing owners / FY 22-23 Goal: Rehab 3 owner-occupied and 0 rental unit
- Provide access to public social services for 12,500 low- and moderate-income persons / FY 22-23 Goal: Assist 2,825 individuals

- Provide access to housing and supportive services for 2,500 persons at risk of becoming homeless or that are homeless / FY 22-23 Goal: Provide homelessness prevention assistance, shelter, and support services to 768 individuals
- Support activities to promote economic opportunities by assisting 10 businesses that serve lower-income residents / FY 22-23 Goal: Assist 6 businesses
- Provide CDBG program oversight and coordination, including fair housing services to 300 households / FY 22-21 Goal: Provide 1 Year of program admin and assist 50 households with fair housing services

3. Evaluation of past performance

FY 2021-22 (the current fiscal year) is the second year of the City's 2020-2024 Consolidated Plan cycle. Most planned activities will be completed by June 30, 2022. A table that summarizes the City's Consolidated Plan goals for year one of the Consolidated Plan cycle (FY 2020-21) is provided as Attachment 1.

4. Summary of Citizen Participation Process and consultation process

The participation of residents and community stakeholders in prioritizing the use of CDBG funds is an essential component of the Consolidated Plan (and Action Plan) planning process. For the 2022-2023 Action Plan, the City obtained public input in a variety of ways:

- Consistent with HUD regulations (24 CFR 91.105 (a)(2)(iv)), the City utilized focus groups to ascertain public service grant priority needs. Specifically, the City's Social Service Budget Committee reviewed social service needs in the community and developed funding recommendations for the City Council's consideration. The Committee is comprised of a representative of the City Council, the City's Human Affairs Committee, and City staff.
- The City's Social Service Budget Committee held a meeting on March 21, 2022, to provide public input regarding CDBG public service grant funds allocation.
- On March 31, 2022, a notice was published in the local newspaper announcing the required 30-day public comment period for the draft 2022-2023 Annual Action Plan. The notice also announced a public hearing to be held by the City Council.
- On May 3, 2022, the San Clemente City Council held a public hearing to accept additional public input regarding the draft 2022-2023 Annual Action Plan and authorize submission of the plan to HUD.

7. Summary

The 2022-2023 Annual Action Plan is the third year of the 2020-2024 Consolidated Plan cycle. The Annual Action Plan is the City's one-year expenditure plan for CDBG funds. HUD has not notified the City of its FY 2022-2023 CDBG allocation; however, for planning purposes, the City anticipates it will receive \$329,535 in CDBG funds for FY 2022-2023. An additional \$133,597 in prior year uncommitted CDBG funds, plus program income resources received during the year, will be available to carry out CDBG-eligible activities. The Action Plan details how CDBG funds will support the broader goals and objectives of the Consolidated Plan. Funded activities include housing rehabilitation, public infrastructure improvements, public social services, and program administration, including fair housing services.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

Pursuant to HUD regulations, the City has taken several steps to obtain residents' and stakeholders' input to develop the 2022-2023 Annual Action Plan. The City's Social Service Budget Committee and City Council held meetings to obtain public comment on the proposed use of CDBG funds. The City also utilized its internet web page and the newspaper to notify residents of the opportunity to review and comment on the 2022-2023 Annual Action Plan draft.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City of San Clemente works closely with the County of Orange Housing Authority (OCHA); OCHA administers the federal rental assistance voucher and certificate programs. The City has limited resources to assist with the development of housing opportunities. Still, as opportunities evolve, City staff will work with developers to encourage housing development for lower-income residents.

Through the annual CDBG Public Service Grants (and the funding process for other City-funded community service grants), City staff can ascertain the services residents need and develop partnerships with local agencies to coordinate the delivery of needed services.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

As a supporter of the Orange County Continuum of Care (OC CoC) planning process, the City provides information regarding the activities it will fund to address local homeless issues. The OC CoC uses this information to prepare the region's application to HUD for Homeless Assistance Grant funds. As needed, City staff will expedite certifications of consistency with the Consolidated Plan and other forms of support for the OC CoC. The City is also a supporter and participant in the biennial Point-In-Time Survey of the region's homeless.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City is not a recipient of Emergency Solutions Grant (ESG) funds; therefore, it does not help the OC-CoC determine ESG allocations, evaluate grant outcomes, or develop policies and procedures for administering the regional Homeless Management Information System (HMIS).

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities (see Table 2 below):

Expected Resources

AP-15 Expected Resources – 91.220(c) (1, 2)

Introduction

HUD has not published 2022 CDBG allocations; however, for planning purposes, the City anticipates its CDBG Allocation for FY 2022-2023 is \$329,535. Additionally, the City identified \$133,597 in prior year CDBG funds that will be available during FY 2022-2023. Program income received during FY 2022-2023 will also be available to fund housing rehabilitation activities. Housing voucher/certificate resources via OCHA and Good Neighbor grants (i.e., social service grants funded with American Recovery Plan Act versus the City's General Fund in FY 2022-2023) will also be available to support activities that may address the Consolidated Plan's goals.

The City has access to In-lieu Affordable Housing Fee resources; however, no project has been identified to use these funds.

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City could leverage federal funds with local redevelopment funds in past years. In 2012 the State Legislature and the governor passed legislation to dissolve all redevelopment agencies in the State; consequently, local resources supporting Consolidated Plan strategies are limited. The City has identified other resources that will be available to carry out activities that address the goals of the Consolidated Plan:

- OCHA reports that as of January 2022, 127 San Clement households receive rental assistance. It was anticipated that 150 households would be assisted annually during the five-year Consolidated Plan programming cycle.
- On an annual basis, the City allocates approximately \$50,000 in General Fund resources to support various social service programs in the community, i.e., Good Neighbor Grants. The services typically funded with these resources include homelessness prevention, interim housing for homeless families with children, and senior and youth services. For FY 2022-2023, the City will utilize American Recovery Plan Act funds instead of the General Fund. A total of \$33,000 is available to fund up to four grants.
- In-lieu Affordable Housing Fund resources generated via the City's Inclusionary Housing Program (IHP) are available to assist nonprofit agencies in purchasing land or existing housing units to provide long-term affordable housing. The City adopted the IHP in 1980 to increase the supply of affordable housing. The program requires developers of six or more units to set aside 4% of total units developed for households earning 50% or less of the area median income. The affordable requirement can be provided either on-site, off-site, or through the payment of an in-lieu fee. Past housing development activity has generated a fund of approximately \$1,000,000. No specific project(s) is presently slated to benefit from this resource; however, these funds should be considered one-time funds as most large housing scale development in the City is complete as the City approaches build-out.

CDBG does not require matching funds.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

As indicated in the Consolidated Plan, San Clemente is nearly "built out" with limited vacant land; nonetheless, the City's Housing Element identifies several vacant and underutilized sites that may be suitable for housing development. Nearly all vacant residential sites are small, infill parcels located west of Interstate 5. Most parcels identified in the Housing Element residential sites inventory are in the City's Affordable Housing Overlay. The Overlay Zone intends to encourage affordable rental and sale housing in commercial and mixed-use zones.

Discussion

Funding resources to implement the City's 2022-2023 Annual Action Plan are limited. The City anticipates receiving \$329,535 in FY 2022-2023 CDBG funding from HUD. An additional \$133,597 in uncommitted prior-year CDBG funding, plus program income generated from CDBG-funded housing rehabilitation loan repayments (i.e., Revolving Loan Funds), will be available to address priority needs.

OCHA has aggressively pursued new rental assistance resources - the City will continue to support OCHA's efforts to secure these resources. Additionally, the City will continue to support programs serving City residents with Good Neighbor social service grants (ARP funds). Finally, the City has identified vacant and underutilized land that may be suitable for housing development - in-lieu fees for affordable housing development are available to support affordable housing activities; however, no projects are slated for development utilizing these resources in FY 2022-2023.

Goal Descriptions

1	Goal Name	Infrastructure and Facility Improvements
	Goal Description	Improve and expand public infrastructure and facilities that benefit low- and moderate-income neighborhoods and residents
2	Goal Name	Housing Preservation
	Goal Description	Improve or expand the supply of housing affordable to lower-income households
3	Goal Name	Public Social Services
	Goal Description	Provide or improve access to public social services for low- and moderate-income persons and persons with special needs
4	Goal Name	Homeless Continuum of Care
	Goal Description	A continuum of supportive and housing services for the homeless and households at risk of homelessness
5	Goal Name	Economic Opportunities
	Goal Description	Grants and other forms of assistance to improve or expand local businesses

6	Goal Name	Program Administration
	Goal Description	Provide for administration and planning activities to address needs identified in the Consolidated Plan, including services to address impediments to fair housing

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b):

The City of San Clemente is not a recipient of HOME funds; however, CDBG resources will be allocated to rehabilitate residential housing units. It is projected that three lower-income homeowners will be assisted with CDBG resources during FY 2022-2023.

AP-35 Projects – 91.220(d)

Introduction

The following activities have been allocated CDBG funds for FY 2022-2023. The City will adjust funding for activities by a proportional percentage based on the final FY 2022-2023 CDBG allocation.

Table 6 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The City will allocate a portion of its CDBG funds for activities that address the housing and service needs of lower-income households and households with special needs, especially those at risk of becoming homeless. Consistent with the City's Homeless Strategy, resources will be allocated to provide safety net services, which will help at-risk households maintain their current housing. The City will use CDBG program income (i.e., funds generated by the repayment of housing rehabilitation loans) to help homeowners improve their residences and not incur additional housing cost burden. The City will also encourage and support OCHA's efforts to obtain additional rental assistance funding for San Clemente households.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs:

The City will allocate a portion of its CDBG funds for activities that address the housing and service needs of the elderly and lower-income households, especially those at risk of becoming homeless. According to data from the Consolidated Plan, these households contribute a significant portion of their income to maintain housing. Consistent with the City's Homeless Strategy, resources will be allocated to help these households remain housed in place rather than fall into homelessness. The City's housing rehabilitation program can assist elderly homeowners in undertaking improvements to their residences to address specific household needs. Additionally, the City will encourage and support OCHA's efforts to obtain additional rental assistance funding for San Clemente households.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Most activities slated for CDBG-funding during FY 2022-2023 will be available on a citywide basis to income-eligible individuals and households. These activities include public services and housing rehabilitation. Activities such as sidewalk improvements will be limited to specific areas of the City where a significant percentage of residents meet HUD's income limits. A map of the City's CDBG Eligible Areas is provided in Attachment 3.

Geographic Distribution

Table 8 - Geographic Distribution

Target Area	Percentage of Funds
CDBG census tracts	56
Citywide	44

Rationale for the priorities for allocating investments geographically

Funding is principally allocated on a citywide basis. The City's primary intent is to serve lower-income residents who need housing or services regardless of where they live in the City. Area-wide activities (e.g., public improvements) are typically limited to the City's CDBG-eligible areas.

Discussion

The City's primary intent is to use CDBG funds to assist eligible households that need services regardless of where they live in the City. A portion of funds will be focused on specific areas of the City with a significant percentage of low- and moderate-income residents.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City will utilize limited CDBG funds and program income to provide housing rehabilitation loans and grants to eligible homeowners.

Discussion

The City will utilize CDBG program income (Revolving Loan funds) to assist in rehabilitating owner-occupied housing units. While it is not the program's primary focus, some special-needs households (senior and disabled) may be assisted during the year by the program. The City will also continue to support OCHA's program activities in the community. An estimated 130 households will receive rental assistance vouchers or certificates during FY 2022-2023.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

As outlined in the Consolidated Plan, the City's homeless strategy emphasizes preventing homelessness since it is less expensive and disruptive to keep a household housed in place. To this end, the City will continue to support local agencies with CDBG resources that provide various services for lower-income households, including food banks, rent/utility assistance, and reduced-cost childcare and healthcare services. These safety-net programs can help a household maintain its current housing situation and avoid homelessness.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The CARES Act of 2020 allowed the City to invest significant CDBG resources to engage the homeless, specifically the chronically homeless; however, no CDBG resources will be allocated for homeless outreach services in FY 2022-2023. The City of San Clemente will continue to support agencies working directly with sheltered and unsheltered homeless populations. For example, Family Assistance Ministries conducts extensive outreach and vulnerability assessments throughout San Clemente and neighboring communities. Other agencies conduct similar outreach and assessment services for specific homeless populations such as domestic violence victims and transitional age youth.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Consolidated Plan indicates that Family Assistance Ministries manages 44 emergency and 14 transitional shelter beds in San Clemente. These shelter beds are earmarked for homeless families with children. Additionally, Laura's House offers shelter for victims of domestic violence. For FY 2022-2023, CDBG funding is allocated to support Laura's House programs for individuals escaping domestic violence. It is projected that 16 individuals will be assisted with CDBG-funded emergency shelter and transitional housing. FAM proposes to utilize FY 2022-2023 CDBG funds to provide emergency or interim housing for 40 individuals.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

As outlined above, the City will focus its CDBG resources on preventing homelessness and assisting those already homeless. The 2019 PITS indicates 35 permanent supportive scattered-site shelter beds in San

Clement and neighboring communities. (The 2021 PITS was canceled due to the COVID-19 pandemic; however, this homeless survey will be conducted in 2022.)

Upon request, the City will support agencies that provide homeless housing and supportive services by providing a Certification of Consistency with the Consolidated Plan. (Note that in addition to being consistent with the Consolidated Plan, programs must also comply with applicable federal, state, and local regulations). Additionally, the City will continue to support the OC-CoC's efforts to seek resources to address regional homeless issues and support OCHA's efforts to obtain additional housing assistance vouchers for homeless Veterans (VASH). OCHA reports that in January 2022, five veteran households will benefit from VASH housing assistance in San Clemente. Additionally, five individuals receive rental assistance via the Shelter Plus Care program. This program provides rental subsidies and supportive services to individuals that have experienced homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City's strategy is to help a household at risk of becoming homeless to stay in their home. CDBG funding is allocated to provide financial assistance and case management to prevent homelessness. The City will also continue to support the regional homeless planning efforts, including the OC-CoC's Discharge Plan, which will help prevent individuals leaving institutions, hospitals, etc., from becoming homeless.

CDBG funding is allocated to Family Assistance Ministries to provide housing and utility assistance to help near-homeless households maintain stable housing. Additionally, Laura's House will utilize FY 2022-2023 CDBG funding to provide crisis intervention and counseling services for domestic violence victims at risk of homelessness.

Discussion

The City's homeless strategy is to prevent homelessness and support local service providers' efforts to seek additional resources. The City's CDBG funds are allocated for safety net services to help households at risk of homelessness redirect limited income toward housing. If necessary, financial assistance and case management may be provided. CDBG funds will also be available to support local nonprofits' emergency and transitional housing services.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

Barriers to affordable housing and actions to overcome barriers are listed in the City's Housing Element and discussed in the Consolidated Plan.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Affordable Housing Funds: The City will encourage developers to include affordable housing units within developments and seek other private and public funding sources to reduce these units' development costs. To the extent that resources are available, Inclusionary Housing In-lieu Funds may be available to assist nonprofit agencies in purchasing land or existing housing units to provide long-term affordable housing.

Environmental Review: The City's Housing Element details the impact of environmental review compliance. The Housing Element also identifies the exemptions that state and federal laws provide to streamline the environmental review process. City staff plays a vital role by assisting property owners and developers in navigating the various environmental review regulations.

Planning and Development Fees: According to the City's Housing Element, housing construction imposes certain short- and long-term costs upon local government, such as the cost of providing planning services and inspections. Fees assessed by the City are typical for Orange County communities.

Permit and Processing Procedures: The processing time required to obtain approval of development entitlements and building permits is sometimes cited as contributing to construction costs. The City's development approval process is designed to accommodate, not hinder, development and not unduly constrain housing. The City's Housing Element outlines the time and cost savings development processes, including one-stop permitting, pre-permit application meetings, and concurrent permit application processing. For an affordable housing project, City staff interacts with project sponsors early in the process to determine project feasibility.

Land Use Controls: In general, land use controls are considered necessary to protect public health, safety, and welfare and maintain the quality of life. Such controls are not considered a significant constraint on the development of housing. The City has implemented reasonable controls appropriate for the community and detailed these controls in the City's Housing Element.

Discussion

The City's Housing Element identifies several barriers to developing affordable housing opportunities. The Housing Element identified several actions the City can take to reduce these impacts. No projects are currently planned or under construction that are using these incentives.

AP-85 Other Actions – 91.220(k)

Introduction

Outlined below are the actions the City will implement to address the sub-strategies of the Consolidated Plan.

Actions planned to address obstacles to meeting underserved needs

The City will allocate a portion of CDBG funds for activities that address the lower-income and special needs households' service needs. Additionally, the City will encourage and support OCHA's efforts to obtain additional rental assistance funding for these households. CDBG resources will be available to help with housing rehabilitation. This program is available to assist homeowners in improving their residences and address specific household needs.

Actions planned to foster and maintain affordable housing

San Clemente has identified actions it will implement during FY 2022-2023 to foster and maintain affordable housing. The Consolidated Plan identifies programs such as Housing Rehabilitation assistance as the means to maintain and improve housing currently available to low- and moderate-income residents. By providing deferred payment loans or grants, homeowners can rehabilitate their properties to meet basic housing quality standards and incur zero or minimal additional housing costs. FY 2022-2023 CDBG funding and program income received during the year will be available to assist with housing rehabilitation.

Actions planned to reduce lead-based paint hazards

The City will ensure federal lead-based paint regulations compliance. All housing units constructed before 1978 that are rehabbed with CDBG funds must be tested for lead-paint hazards. If lead is found, additional assistance may be provided to eliminate lead hazards in compliance with current regulations.

Actions planned to reduce the number of poverty-level families

Approximately 5.3% of the City's population live below the poverty level, including 3.6% of children under 18 and 5.1% of seniors (age 65 and older). During FY 2022-2023, the City will fund the following activities to reduce the number of poverty-level households:

- Support public services that provide a social safety net for lower-income households, especially for the near-homeless
- Support OCHA's administration of the federal rental assistance program for very low-income renters
- Subject to the availability of funds, provide housing rehabilitation assistance for lower-income and special needs homeowners
- Commercial property upgrades to improve neighborhood aesthetics and expand economic opportunities for lower-income residents.

Actions planned to develop institutional structure

The City has made an effort to establish an institutional structure to help identify and access resources to improve the community. The City will continue to work with nonprofit and public entities to deliver public services. As a supporter of the Orange County Continuum of Care, the City will provide critical information to the County of Orange to prepare the County's Continuum of Care Homeless Assistance grant application to HUD. The City will also continue to assist OCHA in implementing its Five-year Public Housing Authority (PHA) Plan to provide rental assistance vouchers and certificates.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of San Clemente does not operate public housing - OCHA provides rental assistance in the community. Federal legislation requires that OCHA prepare five-year and one-year plans highlighting its mission, goals, and objectives related to public and assisted housing programs. The City will review OCHA's plans and provide OCHA the opportunity to review and consult with the City regarding its Consolidated Plan/Annual Action Plan. This cross-consultation aims to provide consistent and coordinated housing services for City residents.

San Clemente has also developed positive working relationships with private and nonprofit housing developers. Additionally, ongoing relationships with local nonprofit social service providers help promote efficient and effective use of limited private and public resources to address the community's service needs.

Discussion

HUD-funded grant recipients are required to not discriminate in housing or services directly or indirectly based on race, color, religion, sex, national origin, age, familial status, or disability. Grant recipients such as San Clemente are required to: (1) examine and attempt to alleviate housing discrimination within their jurisdiction; (2) promote fair housing choices for all persons; (3) provide opportunities for all persons to reside in any given housing development, regardless of race, color, religion, sex, disability, familial status, national origin, and other personal or familial attributes; (4) promote housing that is accessible to and usable by persons with disabilities; (5) and comply with the non-discrimination requirements of the Fair Housing Act. HUD encourages jurisdictions to consult with one another and initiate region-wide area fair housing planning. The **Analysis of Impediments (AI) to Fair Housing Choice** is the primary document utilized for this purpose. In addition to identifying impediments, a strategy to overcome barriers must be developed and implemented - accomplishments are reported annually. The City participated in developing a county-wide AI, which the City Council adopted in May 2020. A summary of impediments to fair housing and the action steps the City will take during FY 2022-2023 are found in Attachment 4.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction

Each HUD program covered by the Consolidated Plan regulations must address specific program-specific requirements.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

Discussion

The City will meet the overall 70% benefit for low- and moderate-income requirements of the CDBG program over the three years of program years 2020-21, 2021-22, and 2022-23.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN THAT A PUBLIC HEARING WILL BE HELD BY THE CITY COUNCIL OF THE CITY OF SAN CLEMENTE, CALIFORNIA, ON THE PROPOSED SUBMISSION OF THE 2022-2023 ANNUAL ACTION PLAN AND THE COMMENCEMENT OF THE THIRTY (30) DAY COMMENT PERIOD 3/31/22 – 5/2/22

NOTICE IS HEREBY GIVEN that the City of San Clemente City Council will hold a public hearing and public comment period for the Action Plan for Fiscal Year 2022-2023. This action is taken in compliance with federal regulations [24 CFR 91].

As a recipient of Community Development Block Grant (CDBG) funds, the City must prepare a Consolidated Plan every five years. The City is also required to update the related Action Plan annually. The Consolidated Plan is a multi-year strategic plan that identifies housing and community priority needs, strategies to address priority needs, and programs/resources to address these needs. The Action Plan delineates proposed activities to be funded under the U.S. Department of Housing and Urban Development’s (HUD) CDBG program. The current 2020-2024 Consolidated Plan was approved by the San Clemente City Council in May 2020. The draft 2022-2023 Annual Action Plan is available for public review.

30-Day Public Comment Period

The required 30-day public comment period for the 2022-2023 Annual Action Plan will begin March 31, 2022, and end on May 2, 2022. The draft document will be available for public review during regular business hours at City Hall at the Community Development Department at 910 Calle Negocio and on the City’s website at <https://www.san-clemente.org/departments-services/housing-and-social-services>. Written comments may be submitted to Janet Batchelor, Management Analyst at 910 Calle Negocio, San Clemente, 92673, or BatchelorJ@san-clemente.org on or before noon May 2, 2022.

2022-2023 Action Plan

To date, HUD has not published FY 2022-2023 CDBG allocations; however, for planning purposes, the City anticipates it will receive an allocation of \$329,535 in CDBG funds for FY 2022-2023. Prior year unused funds (\$133,597) and housing rehabilitation program income will also be available. Once HUD announces CDBG grants, proposed CDBG allocations will be increased or decreased by a uniform percentage based on the final grant amount or as otherwise directed by the City Council.

The proposed use of CDBG funds includes the following:

<u>Proposed Activity</u>	<u>Proposed CDBG Allocation</u>
▪ Public social services for lower-income persons, seniors, homeless & youths	\$49,430
▪ Housing Rehabilitation	\$75,000
▪ Commercial Grants	\$12,000
▪ Capital Improvements	\$260,802
▪ Program administration (including Fair Housing services)	\$65,900

2022-2023 Action Plan Public Hearing

A public hearing is scheduled before the City Council of the City of San Clemente on May 3, 2022 at 7:15 p.m., regarding the Action Plan for Fiscal Year 2022-2023.

If you challenge this project in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City of San Clemente at, or prior to, the public hearing.

To allow staff adequate time to confirm software compatibility, individuals wishing to utilize electronic visual aids to supplement their oral presentations at the meeting, must submit the electronic files to the City Clerk

by no later than 12:00 p.m. on the day of the meeting. Only compatible electronic formats will be permitted to be used on City audio/visual computer equipment. Staff makes no guarantee that such material will be compatible, but will use its best efforts to accommodate the request.

NOTICE IS FURTHER GIVEN that said public hearing will be held at the meeting of the City Council on May 3, 2022, at 7:15 pm in the Community Center Auditorium, 100 N. Calle Seville, San Clemente, California. All interested persons are invited to attend said hearing.

ORANGE COUNTY ANALYSIS OF IMPEDIMENTS TO FAIR HOUSING CHOICE
August 6, 2020

REGIONAL PROPOSED AI GOALS AND STRATEGIES

To address the contributing factors described above, the AI plan proposes the following goals and actions:
Regional Goals and Strategies"

Goal 1: Increase the supply of affordable housing in high opportunity areas.¹

Strategies:

1. Explore the creation of a new countywide source of affordable housing.
2. Using best practices from other jurisdictions, explore policies and programs that increase the supply of affordable housing, such as linkage fees, housing bonds, inclusionary housing, public land set-aside, community land trusts, transit-oriented development, and expedited permitting and review.
3. Explore providing low-interest loans to single-family homeowners and grants to homeowners with household incomes of up to 80% of the Area Median Income to develop accessory dwelling units with affordability restriction on their property.
4. Review existing zoning policies and explore zoning changes to facilitate the development of affordable housing.
5. Align zoning codes to conform to recent California affordable housing legislation.

Goal 2: Prevent displacement of low- and moderate-income residents with protected characteristics, including Hispanic residents, Vietnamese residents, other seniors, and people with disabilities.

Strategies:

1. Explore piloting a Right to Counsel Program to ensure legal representation for tenants in landlord-tenant proceedings, including those involving the application of new laws like A.B. 1482.

Goal 3: Increase community integration for persons with disabilities.

Strategies:

1. Conduct targeted outreach and provide tenant application assistance and support to persons with disabilities, including individuals transitioning from institutional settings and individuals who are at risk of institutionalization. As part of that assistance, maintain a database of housing that is accessible to persons with disabilities.
2. Consider adopting the accessibility standards adopted by the City of Los Angeles, which require at least 15 percent of all new units in city-supported Low-Income Housing Tax Credit (LIHTC) projects to be ADA-

¹The term "high opportunity areas" generally means locations where there are economic and social factors and amenities that provide a positive impact on a person's life outcome. This is described in more detail in Section iii, Disparities in Access to Opportunity.

accessible with at least 4 percent of total units to be accessible for persons with hearing and/or vision disabilities.

Goal 4: Ensure equal access to housing for persons with protected characteristics, who are disproportionately likely to be lower-income and to experience homelessness.

Strategies:

1. Reduce barriers to accessing rental housing by exploring eliminating application fees for voucher holders and encouraging landlords to follow HUD's guidance on the use of criminal backgrounds in screening tenants.
2. Consider incorporating a fair housing equity analysis into the review of significant rezoning proposals and specific plans.

Goal 5: Expand access to opportunity for protected classes.

Strategies:

1. Explore the voluntary adoption of Small Area Fair Market Rents or exception payment standards in order to increase access to higher opportunity areas for Housing Choice Voucher holders.
2. Continue implementing a mobility counseling program that informs Housing Choice Voucher holders about their residential options in higher opportunity areas and provides holistic supports to voucher holders seeking to move to higher opportunity areas.
3. Study and make recommendations to improve and expand Orange County's public transportation to ensure that members of protected classes can access jobs in employment centers in Anaheim, Santa Ana, and Irvine.
4. Increase support for fair housing enforcement, education, and outreach.

CITY OF SAN CLEMENTE PROPOSED AI GOALS AND STRATEGIES

- 1) In collaboration with the Orange County Housing Authority (OCHA):
 - a) a. Attend quarterly OCHA Housing Advisory Committee to enhance the exchange of information regarding the availability, procedures, and policies related to the Housing Assistance Voucher program and regional housing issues.
 - b) b. Support OCHA's affirmative fair marketing plan and de-concentration policies by providing five-year and annual PHA plan certifications.
 - c) c. In coordination with OCHA and fair housing services provider, conduct landlord education campaign to educate property owners about State law prohibiting discrimination based on household income.
- 2) Through the City's fair housing contractor:
 - a) Provide fair housing education and information to apartment managers and homeowner associations on why denial of reasonable modifications/accommodations is unlawful.

- b) Conduct multi-faceted fair housing outreach to tenants, landlords, property owners, realtors, and property management companies. Methods of outreach may include workshops, informational booths, presentations to community groups, and multi-lingual fair housing literature distribution.
 - c) Provide general fair housing counseling and referrals services to address tenant-landlord issues, and investigate allegations of fair housing discrimination and take appropriate actions to conciliate cases or refer to appropriate authorities.
 - d) Periodically monitor local newspapers and online media outlets to identify potentially discriminatory housing advertisements.
 - e) Include testing/audits within the scope of work with a fair housing provider.
- 3) Support local eviction prevention strategies to reduce the number of homeless individuals and families (homelessness prevention services).
 - 4) Prepare a new Housing Element compliant with all current State laws and is certified by the California Department of Housing and Community Development.
 - 5) Update zoning ordinance to comply with current State law.
