I believe we have the best parks in Southern California. I look forward to the work of improving and preserving these amenities. I am impressed by the number of recreational activities we have for residents of all ages. The beaches of San Clemente are what truly set us apart from anywhere in the world and they continue to attract many visitors from World Surfing Competitions to those who choose our town to bring their family to vacation year after year. I am interested in working to preserve our beaches and parks for generations to come. I would also like to improve our beach quality through sand replenishment projects and clean ocean water programs.
