Fiscal responsibility needs to be the approach to all matters. Mental illness & drug addiction of those living on the streets is a county problem. Our role as a city is identifying them and directing them to services. We also as a city need to look at teen addiction & find outlets to prevent this.

I've been very involved with raising my two daughters involved in their activities, and now both have finished college. I have lots of time to devote to the human affairs committee and to become more involved.
