Project: T-Street Pedestrian Bridge Concrete Repairs – Construction Support

Scope of Services

To support the City of San Clemente during the Construction Phase of the subject concrete repairs Duncan Engineering has been requested to provide the following as-needed services.

The scope specifically includes:

Four (4) Construction Support Site Visits. The purpose of the site visits are to support the City's construction oversight of the Contractors work. Site Visits may include, but are not limited to, Structural Observation during the mark-out of demolition areas, verification of the demolition areas after the weak concrete is removed and/or observation of the mixing and placement of repair materials.

Upon completion of construction the preparation of an "As-Built" project drawing in Auto-Cad format with deliverable in both native format and PDF electronic format.

T-Street Pedestrian Bridge Construction Support Services

Fee

(4) Site Trips with trip reports	\$8,000
As-Build Record Drawings	<u>\$2,500</u>
Total Fee	\$10,500

Schedule

Site Visit services are performed When-Requested by the City. 48 hours advance notice is requested.

The Record Drawings will be submitted within 30 days of such request by the City Project Manager.
