FOR IMMEDIATE RELEASE

CITY ANNOUNCES NEW CITY MANAGER

January 17, 2023...San Clemente, California...The City of San Clemente is pleased to announce Andy Hall as its new City Manager. The City retained Bob Hall & Associates to conduct a recruitment, and, after a nationwide search, determined Mr. Andy Hall to be the best candidate for the position.

Mr. Hall has more than 20 years of experience as a city manager and more than 30 years of local government experience. He comes to San Clemente by way of Imperial Beach, California, where he has been City Manager since 2013. Mr. Hall previously held the positions of City Manager of Cathedral City, Assistant City Manager of Draper City, Utah, Planning Manager of the City of Henderson, Nevada, and for nine years, City Manager of Payson City Corporation, Utah.

Mr. Hall brings a passion of local government organizational development, a commitment to customer-service driven municipal services, and a comprehensive understanding of local government administration, to his role as City Manager of San Clemente.

Mr. Hall holds a Bachelor of Science degree, Geography-Urban Studies, from Arizona State University and a Master of Public Administration, with High Honors, from the University of

Utah. He and his wife of thirty-five years, Stephanie, have two adult children and two grandchildren.

Mayor Duncan expressed his great satisfaction that each member of the City Council enthusiastically supports Mr. Hall's appointment to his new post. "After years of acrimony on the Council, I am pleased that my colleagues and I share views about the fundamental role of our local government—making San Clemente an even better community than it already is, and making the business of caring for the quality of life of our residents and success of local businesses our highest priority. My colleagues and I agree wholeheartedly that Andy is the right organizational leader to foster continued staff development and to achieve the shared goals of the City Council and community," says Mayor Duncan.
