CITY COUNCIL MEETING

Meeting Date: November 7, 2023

Agenda Item: 8A

Department: City Clerk *Prepared By* Laura Campagnolo, City Clerk

Subject:

PUBLIC HEARING #6 TO ADOPT ORDINANCE NO. 1762 ADDING SECTIONS 2.04.010 THROUGH 2.04.012 TO THE SAN CLEMENTE MUNICIPAL CODE TO TRANSITION TO BY-DISTRICT ELECTIONS AND SETTING MAYORAL TERM LIMITS

Fiscal Impact:

None.

Summary:

The purpose of this Sixth Public Hearing is to receive public input and conduct the second reading to adopt Ordinance No. 1762 which will complete the process in transitioning from atlarge to by-district elections for City Council and setting a life-time term limit of three full terms (six years, plus any partial appointed terms) for the Mayor by adding Sections 2.04.010 through 2.04.012 to the San Clemente Municipal Code.

Background:

On August 15, 2023, the City Council adopted Resolution No. 23-85 declaring the City of San Clemente's Intent to Initiate Procedures to Consider Transition from At-Large Elections to By-District Elections pursuant to California Elections Code Section 10010. Pursuant to Elections Code section 10010. The City Council held public hearing numbers 1 and 2 on August 15, 2023 and September 5, 2023, to receive public input regarding the composition of the districts, the number of districts and potential election sequencing. On October 3, 2023, the City Council held public hearing number 3 to receive input on draft maps and potential election sequencing for by-district elections.

Following the timeline set forth in Resolution No. 23-85 and Election Code 10010, the City held two more public hearings and introduced an ordinance transitioning from at-large to by-district elections on October 17, 2023. The action before the City Council is the adoption of Ordinance No 1762.

As part of the transition, the City retained the services of NDC, whose consultants, Doug Johnson and Dr. Justin Levitt, have assisted with the design and revision of proposed maps as determined through the public hearing process and in compliance with the CVRA.

By adopting Resolution No. 23-85, the City Council adopted a tentative timeline (Attachment 1), which identifies the preliminary schedule for the required public hearings and public outreach. To date, the City has met the Safe Harbor provisions of Election Code 10010, which consists of

Meeting Date: November 7, 2023

holding a series of public hearings: including at least two public hearings prior to the drafting of proposed district maps; and at least two additional public hearings after the maps are drawn. Drafts of the maps were published at least seven days before consideration at a hearing, and the revised maps were made available to the public for at least seven days before its adoption, and the potential sequence of elections was made public prior at the fourth public hearing, which was held on October 17, 2023. A final map was selected at the fourth public hearing, and no changes were made to the map. The City Council then conducted a fifth public hearing on the same night to introduce an ordinance to transition to by-district elections.

Public Review Process & Schedule for Transitioning to Districts

Before adopting district-based elections, the City must prepare a draft map or maps for public review and consideration. However, pursuant to state law, before drawing any maps, the City was required to first hold at least two public hearings over a period of no more than 30 days for the purpose of allowing interested members of the public the opportunity to provide input regarding the composition of the districts. The first public hearing was conducted on August 15, 2023. The second of the two "pre-map" public hearings was conducted on September 5, 2023.

Following closure of the second public hearing on September 5, 2023, the City Council directed that draft maps be presented for public review and comment at two subsequent public hearings (i.e., at public hearings three and four) as required by state law. The City Council directed, pursuant to the criteria established by law, map options for four districts plus a directly elected atlarge Mayor. Proposed draft maps are required by state law to be presented for public review and comment during public hearings three and four. Per state law, the third and fourth public hearings were conducted within 45 days of each other.

Interested members of the public were provided with an opportunity to submit draft maps prior to the September 14, 2023 deadline in order to be considered by the Council during the third public hearing. The City's retained demographic consultant, National Demographics Corporation (NDC), prepared two draft maps for the Council's consideration, and nineteen maps were received from interested members of the public, eleven of which were unique. Each of the draft maps submitted by interested members of the public were analyzed and reviewed by NDC. The proposed draft maps are required to be provided for the public's review at least seven (7) days prior to the third and fourth public hearings. As such, the draft maps for the City Council's consideration during the third public hearing were posted on the City's website on September 21, 2023, in accordance with State law.

The third public hearing was conducted on October 3, 2023. Following closure of the third public hearing, the City Council identified draft map nos. 109, 111 and 112 as preferred "focus maps", and the Council expressed interest in further evaluating options for four districts plus a directly elected at-large Mayor relative to the "focus maps", giving direction to NDC to prepare additional maps combining preferred features from some of the focus maps.

Interested members of the public were provided with an opportunity to submit final draft maps prior to the October 6, 2023 deadline in order to be considered by the Council during tonight's fourth public hearing. The final draft maps are required to be provided for the public's review at least seven (7) days prior to the fourth public hearing. As such, the final draft maps for the City

Meeting Date: November 7, 2023

Council's consideration during the fourth public hearing were posted on the City's website on October 10, 2023, in accordance with state law.

Public Input and Public Participation Toolkit:

City staff has and continues to conduct outreach, in both English and Spanish, to advise its residents of each public hearing by posting on social media channels such as the City's Facebook page and Instagram. Additionally, the City has made informational flyers, providing sample maps in both English and Spanish, available throughout the City's facilities. The City has also noticed each public hearing in the City's adjudicated newspaper, The San Clemente Times, in Spanish and English. City staff has created a website page dedicated to this transition, whereby information is available in Spanish. The City Clerk notified all Homeowners Associations and conducted public outreach at the Human Affairs Committee. Staff provided an update to the public at a Planning Commission meeting and Public Safety Committee meeting, and all City Commissions and Committees were notified.

Legal Requirements:

- 1. Each council district shall contain a nearly equal population as required by law.
- 2. Each council district shall be drawn in a manner that complies with the Federal Voting Rights Act. No council district shall be drawn with race as the predominate factor in violation of the principles established by the United States Supreme Court in Shaw v. Reno, 509 U.S. 630 (1993), and its progeny.
- 3. To the extent practicable, council districts shall be geographically contiguous. Areas within districts that meet only at the points of adjoining corners are not contiguous.
- 4. To the extent practicable, the geographic integrity of any local neighborhood or local community of interest should be respected and included within a single district for purposes of its effective and fair representation in a manner that minimizes its division. A "community of interest" is a population that shares common social or economic interests that should be included within a single district for purposes of its effective and fair representation.
- 5. Council district boundaries should be easily identifiable and understandable by residents. To the extent practicable, council districts shall be bounded by natural and artificial barriers, by streets, or by the boundaries of the city.
- 6. To the extent practicable, and where it does not conflict with the preceding criteria, council districts shall be drawn to encourage geographical compactness in a manner that nearby areas of population are not bypassed in favor of more distant populations and where doing so does not conflict with higher-ranked criteria.
- 7. Where doing so does not conflict with higher-ranked criteria, the City Council may consider other traditional principles in the development of districts. For example, to the extent practicable, each council district shall respect the previous choices of voters by avoiding the

Meeting Date: November 7, 2023

creation of head-to-head contests between councilmembers previously elected by the voters, insofar as this does not conflict with federal or state law.

At the fifth Public Hearing on October 17, 2023, Council selected Map 109 and introduced Ordinance No. 1762. Council also set the election sequence for the transition to by-district elections. Council determined that Districts 3 and 4 shall be elected beginning at the General Municipal Election in November 2024, and the Mayor shall be elected beginning in 2026 and every two years after, and Councilmembers from Council Districts 1 and 2 shall be elected beginning at the General Municipal Election in November 2026, and every four years thereafter.

Next Steps

The final step in the districting process is to adopt an ordinance transitioning to by-district elections.

Ordinance Components

The proposed Ordinance has the following components:

- 1. Adoption of the chosen map with four districts.
- 2. A directly elected at-large Mayor with a two-year term beginning with the November 2026 election.
- 3. Maximum three full terms life-time limit (six years) for the Mayor.
- 4. Sequencing of the district elections with some in November 2024 and some in 2026, depending on the map.
- 5. A "poison pill" provision, whereby if the California Voting Rights Act of 2001 is ever found to be unconstitutional or amend in a manner so that it would not apply to the City, the Ordinance will automatically sunset.

Council Options:

- Adopt Ordinance 1762 to complete the transition to by-district elections.
- Direct Staff to return to Council with additional information.
- At any time in the future, Council can adopt a new map if the provisions of the California Voting Rights Act are followed.

Environmental Review/Analysis:

This is not a "project" under CEQA.

Recommended Actions:

Staff Recommendation

- 1. Open and conduct the sixth public hearing.
- 2. Invite members of the public to provide feedback on Ordinance No. 1762.
- 3. Provide direction regarding selection of a final district map.
- 4. Adopt Ordinance No. 1762 entitled AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SAN CLEMENTE, CALIFORNIA, ADDING SECTIONS 2.04.010 THROUGH 2.04.012 TO THE SAN CLEMENTE MUNICIPAL CODE, ESTABLISHING A BY-DISTRICT ELECTION PROCESS IN FOUR COUNCIL DISTRICTS WITH AN ELECTIVE OFFICE OF MAYOR PURSUANT TO CALIFORNIA ELECTIONS CODE § 10010 AND CALIFORNIA GOVERNMENT CODE §§ 34871(C) AND 34886 AND SETTING MAYORAL TERM LIMITS.

Section 6: ENVIRONMENTAL REVIEW

The City Council finds that the proposed amendments to the San Clemente Municipal Code are exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to Title 14 of the California Code of Regulations, Section 15061(b)(3) in that it is not a project that has the potential for causing a significant effect on the environment.
