3.3.6.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. **IF** the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and **IF** the total compensation is \$1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. Subject: As-Needed Technical Scope of Services for with SC Pier Bacteria Source
Characterization Study Report

Dear David.

In response our April 20, 2023 conference call to discuss the status of the San Clemente Pier Bacteria Source Characterization Study project wrap up, I prepared this letter proposal for WSP Environment & Infrastructure, Inc.'s (WSP) to continue supporting the City of San Clemente (City) with the project.

The contents of the proposal focus on incorporating the repair work completed in the past few months into the project technical, seeking committee member feedback from the Stakeholder Advisory Committee, and optionally assisting with at least one or possibly two presentations on the study at public venues such as the Harbors, Beaches, and Parks committee or potentially a City Council meeting.

The attached exhibits outline our proposed scope of services in terms of an estimate of the initial scope of work, project schedule, budget, and our time and materials rate schedule.

Please contact me at (949) 363-3232 or email to theodore.vonbitner@wsp.com if you have any questions or wish to discuss our scope of services in further detail.

Thank again for the opportunity to help you with this important project.

Sincerely,

Scope of Services for As-Needed Technical Assistance

Scope of Work

Tasks and Deliverables.

WSP shall provide technical assistance to City with as-needed consultant and technical services related to implementation of the Clean Ocean Program over the period of performance. The total cost for this services shall not exceed \$9,000 but may be amended to \$15,000 upon approval of the City.

Task 1: Project Technical Report.

This task focuses on updating the project technical report to include additional work performed by the City and County of Orange to document the successful efforts to eliminate human sources of bacteria. The City led efforts to complete a series of sewer infrastructure repairs and the County performed a second round of source abatement testing in Spring 2021. The technical report needs should reflect this information to demonstrate the effective actions taken by the City to protect public health.

WSP plans to prepare a draft report covering the entire study for City review and feedback. A revised draft will be submitted in 15 business days after receipt of comments by City staff.

We (meaning WSP) understand, based on our conference call, that the draft report needs to be reviewed by the members of the Stakeholder Advisory Committee. Following the City's receipt of the revised draft report, an electronic copy of the revised draft report will be submitted to committee members for review and feedback. We plan to discuss the committee member's comments with Mr. Rebensdorf to make sure that key issues, if any, are addressed in the final version. For budgeting purposes, we assumed one round of revisions to incorporate the committee members comments on the revised draft report.

Prior to commencing any work for the City under this task that is expected to exceed the proposed budget or period of performance, WSP's project manager will contact Mr. Rebensdorf to discuss the specifics of the work to be completed, and if necessary, prepare a cost estimate to ensure that WSP's effort stays within the allocated budget.

Electronic formatted deliverables, to the extent practical and feasible, will be submitted by way of electronic mail to the designated City point of contact for the assignment.

Task 1 deliverables:

One (1) draft and one (1) revised draft report incorporating City comments

One (1) final report incorporating Stakeholder Advisory Committee member comments

Estimated budget to prepare draft, revised draft, and final report. \$9,000.

Task 2 (Optional). Public Presentations.

Presentation of the final study report may be required at public venue such as:

- Harbors, Beaches, and Parks commission or Stakeholder Advisory Committee; and
- City Council meeting.

The public presentations will focus on the original drivers for the study, an overview of the technical approach and primary investigation topics, and key results from the investigation and abatement projects. We understand that the Clean Ocean Program benefited from this study and realize that additional information may need to be included in the public presentation. We plan to consult with Mr. Rebensdorf on key issues such as cost-benefit considerations, matters of public health and municipal policy, as well primary concerns for the Clean Ocean Program going forward.

Prior to commencing any work for the City under this task that is expected to exceed the proposed budget or period of performance, WSP's project manager will contact Mr. Rebensdorf to discuss the specifics of the work to be completed, and if necessary, prepare a cost estimate to ensure that WSP's effort stays within the allocated budget.

Optional Task 2 deliverables:

One (1) technical presentation to the Harbors, Beaches, and Parks commission or the Stakeholder Advisory Committee.

One (1) non-technical presentation at a City Council meeting.

Estimated budget to prepare two presentations. \$6,000.

Schedule

WSP proposes to begin the project schedule on May 22, 2023 and our services under this contract are expected to continue until October 30, 2023. Our proposed schedule is designed to accommodate potential delays in the delivery of data files and information including coordination with outside agencies such as the County of Orange. This schedule may be changed or extended by the City in response to findings at any stage in the project, a recognition of potential project outcomes, or alternate priorities assigned by Mr. Rebensdorf or his designated point of contact. Any potential changes to the schedule will be made in consultation with Mr. Rebensdorf and will have his approval prior to the schedule shift.

Costs

Please note that our services will be provided on a time and materials basis and the City will be only invoiced for the actual amounts required to complete the above tasks. Fees for services provided will be invoiced on a monthly basis according to the rate schedule included in Exhibit B. Our monthly invoice will include descriptions of the staff assigned, work performed and expense accrued.

We also understand that levels of services or program requirements may change at any time during the period of performance and would like to reiterate that our support will be provided on an as-needed basis at Mr. Rebensdorf's discretion. Should the City appointed Project Manager or their staff decide to shift priorities for our services within this scope of work, we reserve the option to transfer project budgets between tasks, within the approved total project budget amount, should the need arise during the period of performance, and with the City's prior approval in writing. The scope of work budget amount may be modified by an amendment, if necessary.

Assumptions

1. As-needed services for the City may be performed by the senior level staff, junior level staff, or technical professionals (e.g., field inspectors) depending on the specific nature of the assignment as determined by WSP's Project Manager.
2. Mileage accrued on personal vehicles for City directed project activities will be charged at the IRS rate for the calendar year (e.g., 2023 is 65.5 cents per mile).
3. WSP reserves the right to request additional funding for work requested by the City and deemed to be larger in time and duration than the available budget scope.
4. Estimated project budgets for additional work will be submitted to Mr. Rebensdorf. should the need arise for this support, in advance of beginning the actual work.
5. All deliverables for this scope of work will consist of electronically submitted files formatted in Microsoft office based software or industry standard software (e.g., construction schematics).

SCHEDULE OF SERVICES

EXHIBIT "C"
INSURANCE REQUIREMENTS

3.2.12 Insurance.

3.2.12.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section.

3.2.12.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

(A) Commercial General Liability: Commercial General Liability Insurance which affords coverage at least as broad as Insurance Services Office "occurrence" form CG 0001, or the exact equivalent, with limits of not less than \$1,000,000 per occurrence and no less than \$2,000,000 in the general aggregate. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions (1) limiting coverage for contractual liability; (2) excluding coverage for claims or suits by one insured against another (cross-liability); or (3) containing any other exclusion(s) contrary to the terms or purposes of this Agreement.

(B) Automobile Liability Insurance: Automobile Liability Insurance with coverage at least as broad as Insurance Services Office Form CA 0001 covering "Any Auto" (Symbol 1), or the exact equivalent, covering bodily injury and property damage for all activities with limits of not less than \$1,000,000 combined limit for each occurrence. **NOTE: If Consultant does not own any company vehicles or may not be able to purchase a Business Automobile Insurance Policy, the requirement may be satisfied by providing either of the following:** (1) a Personal Automobile Liability policy for the Consultant's own vehicle stipulating "Automobile Liability Insurance with a limit of not less than \$1,000,000 each accident"; and (2) a non-owned auto endorsement to the Commercial General Liability policy if Consultant uses vehicles of others (e.g., vehicles of employees).

(C) Workers' Compensation: Workers' Compensation Insurance, as required by the State of California and Employer's Liability Insurance with a limit of not less than \$1,000,000 per accident for bodily injury and disease.

(D) Professional Liability (Errors & Omissions): Professional Liability insurance or Errors & Omissions insurance appropriate to Consultant's profession with limits of not less than \$1,000,000 per claim. Covered professional services shall specifically include all work to be performed under the Agreement and delete any exclusions that may potentially affect the work to be performed (for example, any exclusions relating to lead, asbestos, pollution, testing, underground storage tanks, laboratory analysis, soil work, etc.). If coverage is written on a claims-made basis, the retroactive date shall precede the effective date of the initial Agreement and continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least three (3) years from termination or expiration of this Agreement.

3.2.12.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability:

(1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement.

Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement.

(2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability:

(1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

3.2.12.4 Professional Liability (Errors & Omissions):

(A) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Contractual Liability Exclusion Deleted: This insurance shall include contractual liability applicable to this Agreement. The policy must "pay on behalf of" the insured and include a provision establishing the insurer's duty to defend.

3.2.12.5 Workers' Compensation:

(A) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

3.2.12.6 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.2.12.7 Waiver of Subrogation. All policies of Commercial General Liability and Automobile Liability insurance shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior

to a loss. Consultant hereby waives its own right of recovery against the City, its officials, officers, employees, agents, and volunteers, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.2.12.8 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention greater than \$5,000 must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.2.12.9 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.2.12.10 Failure to Maintain Coverage. In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced immediately so as to avoid a lapse in the required coverage, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement effective upon notice.

3.2.12.11 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A- VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.2.12.12 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.2.12.13 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Appendix are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.2.12.14 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and

volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.
