

COACHES INFO

Do you love football? Do you enjoy the sport and are looking for a way to get more involved? If the answer is yes then coaching might be an option to consider. Coaching youth flag football is exciting and fulfilling, and gives you an opportunity to teach skills to a new generation of players. Whether you've played in the pros, or never at all, we believe that anyone can be a successful coach if they are dedicated and passionate about becoming a good coach.

We value our coaches above all else, because they are the ones that decide what kind of experience the athletes will have with flag football. As an organization we determine success by how many of our players return the next year. The more players returning, means the more players who had a great time the previous year, and it is our coaches who will dictate that the most. We believe in positive coaching, in which developing positive character traits and teaching life lessons are more important than winning.

Duties of a head coach:

- Need to be able to work with kids ages 6 – 14 and teach them fundamentals of flag football.
- Be reliable and be able to volunteer for one day of practice, and one game each week.
- Games are on Friday nights at Vista Hermosa Sports Park.
- Be enthusiastic, patient, and persistent.
- Have knowledge of football and its rules.
- Communicate with league officials and parents.
- Be able to deal with issues that arise, on and off the field, at all practices and games.

If this something you are interested in then please fill out a Volunteer Coaches Application and email to Alex Magallanes MagallanesA@san-clemente.org. In addition, you will receive a \$25 coaches' credit to your account.
