**Update Zoning Code Section 17.56.090 ~~Affordable Housing Overlay District~~**

- A. Purpose and Intent. The purpose of this section is to provide for the development of qualified affordable housing development, including rental and for sale housing, in residential, commercial and mixed-use zones. The intent is to facilitate the development of affordable housing, enable the City to meet its housing goals, and ensure that affordable developments will be compatible with surrounding land uses by establishing an overlay district and standards.
- B. Applicability. This section applies to properties identified in the Affordable Housing [AH] Overlay and Zoning Maps. ~~Properties are identified on the Zoning Map by a "AH" label after the base zone. For example, NC 2 (AH).~~
- C. Project Qualification. A "Qualified Affordable Housing Development" shall mean a multi-~~ple~~ family rental or for sale housing project consisting of efficiency, studio, one-, two-, three-, and/or four-bedroom units, which shall include at least the following percentage of affordable housing units:
- i. At least 20% of the housing units are restricted to very low-income households; or*
  - ii. At least 30% of the housing units are restricted to low-income households; or*
  - iii. At least 40% of the housing units are restricted to moderate-income households*
- All affordable housing units may be in a single category (very low, low, or moderate) or part of a mixture of affordable housing types. An in lieu fee may replace a fraction of a single housing unit above the nearest whole number that would otherwise be provided, but shall not be used in lieu of providing actual affordable housing units on site. Once a qualifying percentage of affordable housing units have been provided, the remaining units on site may be market rate rental units or sold as market rate condominiums.*
2. Projects within the Housing Overlay must provide at least 75% of the maximum number of housing units that may be developed on a site pursuant to the Housing Element, as specified in the Zoning Code, in order to qualify for ministerial review subject to the Objective Design Standards (Zoning Code Section 17.XX).

3. If units within a project are proposed to be sold as condominiums, then the affordable portion of the project must be sold as condominiums to a 501(c)3 non-profit housing development organization. The non-profit organization must rent out the enforceably restricted affordable units to households earning no greater than 50 percent of median income.
  - ~~3. The development shall provide a residential density of not less than 20 dwelling units per acre, up to the maximum number of units allowed by the residential zoning standards identified in this section item D. below.~~
  4. ~~Market rate~~ All condominiums must be regulated by a legal homeowners association for the maintenance of the units.
- D. Review Requirements. Affordable housing projects are a permitted use in the ~~[AH]~~ Housing Overlay. Refer to use tables in Sections 17.32.030 (Residential Use Regulations), 17.36.030 (Commercial Zone Uses) and 17.40.030 (Mixed-Use Zone Uses). Qualified Affordable Housing Development shall be eligible for ministerial review, subject to the applicable objective design standards contained in Chapter XX.XX (Objective Multi-family Residential Design Standards).
- E. ~~Affordable housing projects in commercial and mixed use zones require either a Cultural Heritage Permit or Architectural Permit per Section 17.16.100, Depending on the project, other discretionary processes may apply per Chapter 17.16.~~
- F. Minimum Standards. Affordable housing projects shall conform to ~~applicable the underlying~~ development standards of the underlying zone, with the exception of incentives, concessions and density bonuses as required by Government Code § 65915 or other applicable State law.~~the following exceptions below:~~
- ~~1. Neighborhood Commercial Zones. Affordable housing projects located in Neighborhood Commercial zones shall conform to the same development standards that apply to RM zoning districts (Residential Medium Density).~~
  - ~~2. Mixed Use Zones (MU 3.1, MU 3.2). Affordable housing projects located in the MU 3.1 and MU 3.2 zones shall conform to development standards for mixed use projects. Affordable housing projects outside of the Coastal Zone may be located at street level.~~
- G. Affordable Housing Agreement. ~~In addition to subsection D. above, the following shall apply to all qualified affordable housing projects proposed within the [AH] Overlay:~~

A Qualified Affordable Housing Development project shall ~~have~~ include a legally binding agreement between the applicant and the City, which shall be required to be executed and be recorded against the property on which the Qualified Affordable Housing Development project is to be constructed to ensure that the requirements of this chapter are satisfied. The Affordable Housing Agreement shall be recorded against the Development Site prior to issuance of building permits ~~for the Qualified Affordable Housing Development~~. The Affordable Housing Agreement shall be binding on all future owners and successors in interest. The Affordable Housing Agreement shall include, but not be limited to, the following:

1. Term. A term consistent with the ~~of~~ a minimum number of 30 years specified by State law or applicable project funding source, or greater, depending upon whether non-City funding sources require a longer affordability term. Where other public financing has a longer term, the longest term of affordability shall prevail.
2. Property Management. A requirement that the owner shall provide for professional property management of the development including the owner's policies and procedures for renting, managing; maintaining and operating the affordable units. Property management shall also monitor the use of parking spaces within the development to assure that the parking spaces are provided, maintained and used in accordance with the terms of the Affordable Housing Agreement;
3. Occupancy. A requirement that the occupancy of each unit in the development shall be limited so that it does not exceed more than two persons per bedroom plus one additional person;
4. Priority of San Clemente residents. The obligation of the owner to provide first priority to people who live or work in the City to rent the qualified affordable units to the extent the project is funded with San Clemente Developer's In-lieu fees or other housing funds, as permitted by law.
5. Definitions of household income. Means those persons and families whose household income does not exceed the qualifying limits for extremely low, very low and low income families as established and amended from time to time by the Secretary of Housing and Urban Development and defined in Section 5.603(b) of Title 24 of the Code of Federal Regulations and Section 50106 of the California Health and Safety Code. In the event the federal standards are discontinued, the City shall use the definitions set by the California Department of Housing.
