EXHIBIT "A"
SCOPE OF SERVICES

Consultant shall perform the following services for the City (collectively, the "Services"):

PROJECT INTRODUCTION

Consultant shall perform an inspection of the timber piles and plastic pile wraps at the San Clemente municipal pier, in order to stay in compliance with the Coastal Commission (CC) requirement to maintain the plastic pile wraps with approximately 50% of the timber support piling have plastic wraps. Prior to the use of plastic wraps, the majority of piling were treated with Creosote and many of those unwrapped piles remain in service and in good condition today. The CC does not require the City to install new wraps on existing piling, which were never wrapped, only that the City maintain the plastic wraps which CC required on the more recent replacement piling. Since the City's Dive Crew can efficiently survey the condition of the unwrapped timber piles at the same time, for Public Safety and Capital Planning purposes the consultant shall also record the estimated amounts and percentages of pile cross-section loss and elevation of marine borer damage observed.

APPROACH

Consultant's inspection will be led and physically performed by (2) CA licensed Structural Engineers with a combined 45 years of experience performing underwater inspections. No unlicensed engineer divers will be used. A Dive Tender will monitor the divers on the beach until they move outside the surf line and then tend them from the pier deck. The dive team will enter and exit the water from the beach adjacent to the pier. The Tender will inform the fishermen, as the divers advance, to pull in their lines for a short period as the team moves through the piling below. All work will be performed using SCUBA equipment, flashlights, hand writing slates and small hand tools. An underwater camera will be used to document both typical and non-typical conditions for inclusion in the letter report. Due to the propensity of marine bores to enter the untreated interior of piles through small openings, the pile segment below the mean-tide line elevation will be "tactilely" inspected by the divers working on opposite sides "in tandem". This procedure conforms with the "Modified Level I" inspection requirements of the RFP. The dive team will carry a copy of the most recent field notes for the pile conditions and update these notes with the timber pile and pile wrap findings.

SCOPE OF WORK

One hundred percent of all the timber piles will receive a "Modified Level I Inspection" "by close visual inspection above water and a close visual + tactile "hands-on" inspection below water. If the condition of a timber pile is "suspect" beneath a plastic pile wrap, that location shall be noted in the deliverables and revisited in a future "design level" comprehensive inspection intended for repair purposes.

While onsite Consultant's team will also inspect the conditions of the timber decking at the pierhead, between the restaurants, to formulate a repair recommendation for the fasteners which are protruding above the deck at many locations. Consultant will blow clean a sample of

the high fasteners, remove, measure the countersink depth, and reinstall the fasteners. Consultant will analyze the remaining timber section and consider alternatives for improvement.

DELIVERABLES

The results of this inspection will be documented in a PDF letter report which includes photographs of typical conditions and the unique damage observed. This report shall be reviewed, signed and stamped by the Structural Engineer leading the inspection. The findings will also be provided in a tabular form of the Field Notes. A wet-stamped hard-copy report will be provided, if requested.

A letter recommendation will be issued for the improvement of the fasteners for the timber decking at the pierhead.

(E) **Cyber Liability Insurance** with limits not less than \$2,000,000 per occurrence or claim, \$2,000,000 aggregate. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by Contractor in this agreement and shall include, but not be limited to, claims involving security breach, system failure, data recovery,

business interruption, cyber extortion, social engineering, infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private information, and alteration of electronic information. The policy shall provide coverage for breach response costs, regulatory fines and penalties as well as credit monitoring expenses.

3.2.12.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability:

(1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement.

Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement.

(2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability:

(1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

3.2.12.4 Professional Liability (Errors & Omissions):

(A) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Contractual Liability Exclusion Deleted: This insurance shall include contractual liability applicable to this Agreement. The policy must "pay on behalf of" the insured and include a provision establishing the insurer's duty to defend.

3.2.12.5 Workers' Compensation:

(A) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

3.2.12.6 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other

insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.2.12.7 Waiver of Subrogation. All policies of Commercial General Liability and Automobile Liability insurance shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against the City, its officials, officers, employees, agents, and volunteers, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.2.12.8 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention greater than \$5,000 must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.2.12.9 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.2.12.10 Failure to Maintain Coverage. In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced immediately so as to avoid a lapse in the required coverage, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement effective upon notice.

3.2.12.11 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A- VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.2.12.12 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.2.12.13 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Appendix are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.2.12.14 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.
