Subject: Supplemental Budget Request for Geotechnical Services, Inclinometer Installation and Monitoring Associated with the landslide Northeast of Avenida Columbo, San Clemente, California

Introduction

In accordance with your request, LGC Geotechnical, Inc. has prepared this supplemental budget request to provide geotechnical services associated with the recent Avenida Colombo landslide located at the northern cul-de-sac of Avenida Columbo.

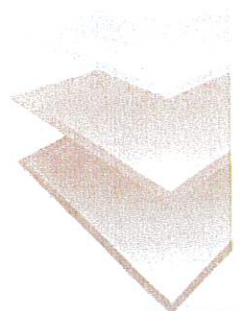

Supplemental Services Provided

The following items have generally resulted in a cost increase in our services:

- Difficult drilling conditions, including multiple concretions of various thickness which required specialized drilling equipment and increased the field hours significantly.

Supplemental Cost

Our estimated supplemental cost to cover the extended field time and complete our monitoring and subsequent report is Four Thousand Seven Hundred Fifty Dollars (\$4,750).

Closure

If this supplemental cost meets with your approval, please provide us with the appropriate authorization. Our services will continue to be performed to the general standard of care of geotechnical consulting in Southern California; no other warranty is expressed or implied.

We appreciate this opportunity to be of service. Should you have any questions or concerns regarding this proposal, please do not hesitate to contact our office.

Sincerely,

LGC Geotechnical, Inc.
